

# BODY OF MISSING MAN FOUND IN CREEK NEAR LISBON

## ADVISE WALSH TO WITHDRAW; RACE HOPELESS

Democratic Presidential  
Situation May Be  
Clarified Soon

## LACK OF DELEGATES IMPRESSES SENATOR

Reed Will Be Only One  
Left Against Smith  
If Walsh Backs Out

Washington, May 4.—The Democratic presidential situation, which is fast becoming simplified through Gov. Al Smith's steadily mounting roll of delegates, may be still further clarified within the next 48 hours.

Senator Thomas J. Walsh, back of whose candidacy there has been grouped the ultra-dry, anti-Tammany bitter enders against Smith, is considering formally withdrawing from the contest.

It was reported today that it might take the form of a message to his supporters in Montana requesting them not to present his name to the Houston convention.

Since the California primary on Tuesday, when he ran far behind Smith and Senator Reed of Missouri, Senator Walsh has been in consultation with his friends and supporters. A number of them have advised him to withdraw while there is still time to do so with dignity.

Some of the more bitter anti-Smith advisers have not concurred in this, and have urged him to go on to the very end, but they have been in the minority.

The candidacy of the Montana Senator is considered by Democratic leaders to be in an untenable position. As matters now stand, Walsh is assured of but eight delegates at Houston, these being from his own state. And it is well known in Democratic quarters that the Montana delegation was listed in the Smith camp before Senator Walsh formally announced his candidacy some weeks ago.

Sees Hopelessness  
The apparent hopelessness of stacking eight delegates up against Smith's total of approximately 532 out of the 682 thus far selected has impressed the senator himself as well as his friends.

If Senator Walsh does efface himself from the picture, it will leave Senator Reed the one outstanding candidate against the New York governor. However, Reed is not much more acceptable to some of the forces that have been behind Walsh than is Gov. Smith himself.

Reed will not withdraw under any

(Continued on Page 4)

## 14 FINALISTS IN BROOKS CONTEST

Students Named Today by  
Principal to Compete  
Friday, May 11

Finalists in the Brooks contest were announced this morning in assembly at the High school by W. F. Simpson, principal. Four students were selected for the orations, five for the short stories and five for essay competition.

The finals will be held in the High school auditorium, Friday afternoon, May 11.

The students selected for the finals are:  
Short stories, Ruth Moff, Helen Pietras, Elmina Baker, Helen Shelton, and Florence Binsley; essays, Louise Smith, Walter Deming, Elizabeth McKee, Dorothy Lieder, and Virginia Severing; orations, Wayne Morron, Florence Shriver, Helen Williams, and Elvira Ressler.

## NAME DAVIDSON TO ARGUE CASE

As a result of Prosecuting Attorney Harry Harter of Canton having filed a motion with the supreme court at Columbus for leave to file a bill of exceptions in the case of the state of Ohio against S. A. Lenge, which was tried before Judge W. F. Lones in common pleas court here, the court has appointed Attorney George E. Davidson of East Liverpool to prepare and argue the case against the exceptions.

Davidson was one of co-counsel for Lenge.

## Italia Arrives At Vadsoe; Lightning Rips Gas Envelope

### Lazy and Thirsty, He Knows Better Now

Washington, May 4.—Edris Kerns, 70, wanted a drink—only a drink of water, which is certainly not worth walking very far to get.

A handy fire-plug at 34th and M streets seemed to provide the answer. Anyway, Kerns put his head down in the appropriate position and turned on the stream.

They took nine stitches in Kerns' head at Georgetown hospital a few minutes later. The force of the stream sent him further than he would have had to walk to get a drink.

## W. B. A. RALLY IS HELD IN SALEM; DEPUTY ATTENDS

District Groups Gather  
Thursday Afternoon  
And Night

Mrs. Catherine Schindler, of Cleveland, district deputy, had charge of the afternoon session rally of the Women's Benefit association held in this city Thursday afternoon and evening.

About 75 women attended the afternoon session, including delegations from Alliance and Sebring.

Three candidates were initiated and the work was put on by No. 383 of Sebring.

At the evening session a program entertained and fancy drills were given by No. 238, Salem, and its Rose court.

Solo dancing was a feature of the program and these were contributed by Doris King, Vera Chamberlain, Charlotte King and little Miss Mellinger.

Among the other numbers were: Vocal solo, Arnold Lutes; reading, Anna Wagner; vocal solo, Harold Babb; piano solo, Mrs. J. W. Hundertmark; reading, Mrs. Alice Fall; reading, Mrs. Laura Whitacre, Alliance; reading, Mrs. Adolph Heim.

It was planned to hold a school of instruction in Alliance on Tuesday, June 26.

## ELKS PLANNING FOR INITIATION NEXT THURSDAY

Preparations for initiation of a class of candidates next Thursday night were made by Salem lodge No. 305, B. P. O. Elks, at the weekly meeting last night.

This will be the first initiation under the regime of the new officers, who will conduct the work. Following the lodge meeting, a lunch will be served.

The entertainment committee announced that invitations will be sent out this weekend for the annual May Party of the lodge on Friday night, May 18. Finley's Melody band will play for dancing from 9 o'clock until a late hour, and a midnight supper will be served.

## BISHOP PLACED ON TRIAL TODAY

Secrecy Surrounds Case  
Before Conference of  
M. E. Church

Kansas City, May 4.—Behind closed doors and guarded with the greatest secrecy, Bishop Anton Bast of the Copenhagen area of the Methodist Episcopal church was placed on trial here today.

He faces charges of imprudent conduct in connection with his administration of church affairs in Denmark. Danish courts already have found him guilty of this charge and the misapplication of Mission funds. Following his conviction he served three months in Danish prison.

His trial here will be before a church court of 17 ministers, termed "triers of appeals," presided over by a bishop.

The suspended bishop arrived in Kansas City unannounced early this week and has remained in strict seclusion awaiting his trial. He maintains his innocence and has many friends among the 878 delegates who are attending the quadrennial general conference.

## Thompson Host To Willis Delegates

Columbus, May 4.—With Col. Carmel A. Thompson, Cleveland, who directed the Willis presidential campaign as his host, Willis delegates to the Republican national convention enjoyed a "get-together" meeting and luncheon at the Desher-Wallick hotel here this afternoon.

Plans for their trip to Kansas City and hotel reservations there were considered, it was stated.

## BATTLED HEAD WINDS NEARLY THIRTY HOURS

General Noble Greeted  
By Mayor of Town  
And Delegation

## REFUEL SHIP FOR SPITZBERGEN HOP

Italia Was Driven From  
Course Several Times  
Crossing Gulf

London, May 4.—The North pole exploration balloon Italia, which landed at Vadsoe, Norway this morning while enroute for Spitzbergen, was hit by lightning in the storm which is raging over northern Norway, according to a Central News dispatch from Vadsoe this afternoon. The dispatch said that the envelope was torn.

The storm not only covered northern Norway but extended all the way to Spitzbergen. A radio-gram from Spitzbergen said that the gale had damaged the hangar at King's Bay which Noble planned to use. This news was communicated to Vadsoe by wireless and the Italian explorer was warned to postpone his flight.

Snow was falling heavily off Spitzbergen and a terrific wind blowing.

Lands at 9:10 a. m.

Oslo, Norway, May 4.—After battling headwinds for almost 30 hours, the polar dirigible Italia landed at Vadsoe, Norway, at 9:10 a. m. today.

General Umberto Noble, commander of the ship, was warmly greeted by the mayor of the town and a civic delegation. The ship's crew of 16 were all in good condition.

The Italia will be refueled at Vadsoe today and will continue to King's Bay, Spitzbergen tonight, weather permitting. General Noble said upon landing.

The Italia left Stolp, Germany at 3:23 a. m., yesterday. It encountered no difficulty on the first part of the journey and made good speed until it had passed over Stockholm, Sweden.

Driven From Course

Then Noble began to run into difficulties. The strong headwinds drove the dirigible from its course several times and Noble was forced to wireless to get his bearings.

While crossing the Gulf of Bothnia the ship wandered aimlessly for sometime, going east instead of north until Galmä Kureby was reached. There Noble righted his course but apparently lost it again.

At Vadsoe the Norwegian government had prepared everything for the landing and refuelling of the ship.

The silver-sheened ship circled the field several times while the crowd cheered. After releasing a quantity of helium gas, Noble effected a landing without difficulty.

## Blame Blaze On Bird Carrying Matches

Mount Sterling, Ky., May 4.—A bird carrying matches to the caves was today given as the cause of the destruction by fire of the large Colonial home of J. W. Hoskins, on the Midland Trail.

The Colonial home was formerly occupied by Judge Richard French and was more than 100 years old.

## METHODISTS TO SUPPORT DRYS

Kansas City, Mo., May 4.—The Methodist Episcopal church in Kansas City today gave its support to the prohibition question and would not support any candidate who did not favor strict enforcement of the eighteenth amendment.

Dr. Ernest H. Cherrington, secretary of the world league against alcoholism, introduced the resolution which was adopted unanimously.

## O'Neill Lives Openly In Villa at Cannes

Cannes, France, May 4.—James E. O'Neill, missing witness in the Teapot Dome oil investigation and in the conspiracy trial of Harry Sinclair, and who remained in hiding for four years, has returned to his villa on the Riviera where he is now living openly.

As the Teapot Dome cases are closed O'Neill is no longer wanted. He refuses to say whether he will return to the United States to live.

## Parking Rules Will Be Sermon Topic

City ordinances will be preached from a Salem pulpit Sunday, Mayor Phil Hiddleston announced this morning.

The pastor of a Salem church violated a parking ordinance and appeared before Hiddleston Thursday. After being lectured on city parking regulations, his honor suspended the pastor's fine provided that he include in his sermon Sunday a plea to his congregation to abide by city parking and traffic light rules. The promise was made.

## JAP WARSHIPS, REINFORCEMENTS SENT TO TSINAN

Sanguinary Battle Still  
Raging In City; Japs  
Are Outnumbered

Tokio, May 4.—In addition to 5,000 troop reinforcements four additional Japanese destroyers were ordered to China this evening. These measures were taken because of continued fighting between Chinese and Japanese troops at Tsinan, Shantung.

Tokio, May 4.—With the battle between Japanese troops and Chinese Nationalists still raging at Tsinan, 5,000 additional Japanese troops have been sent to China as reinforcements, the war office announced today.

Three thousand Japanese troops are entrenched in war formation at Tsinan. They are fighting valiantly against heavy odds. The Nationalists outnumber them many times.

The Nationalists suffered heavy losses in their first clash with the Japanese. One hundred were killed and many wounded. The Japanese suffered five dead, 20 wounded and one missing.

The number of casualties resulting from the subsequent fighting is still unknown. It is believed that losses on both sides were heavy as the fighting was fierce and almost continuous.

Peking, May 4.—The fate of American civilians and consular attaches in Tsinan, Shantung, was unknown today. Attempts by the United States legation to communicate with Tsinan were futile. Fighting between Japanese and Chinese troops at Tsinan is still in progress.

## WANTED SCHOOL BOOKS TO FAVOR PENN. UTILITIES

Washington, May 4.—A plan to control indirectly the selection of text books in the schools of Pennsylvania which would contain only matter of an economic nature in accord with the interests of public utilities, was outlined to the federal trade commission today by Maj. J. S. Richardson, formerly director of the Pennsylvania public service information committee, who identified letters he had written on the subject.

Richardson described under questioning of Chief Counsel Healy the efforts he made to have objectionable text books removed from the schools of the state.

## CHILDREN GIVEN MILLION EACH

Cincinnati Grocery Man  
Hands Six Children  
Each A Fortune

Cincinnati, May 4.—The six children of B. H. Kroger, former president of the Kroger Grocery & Baking Co., were today each \$1,000,000 richer as gifts from their father.

Kroger said that he would rather give his children, B. H. Kroger, Jr., Chester F. Kroger, Mrs. Lucile Berne, Mrs. Gretchen Barnes, Mrs. Rudolph Homan and Mrs. I. W. Pettigill, the money while he was living rather than after his death so that he can watch what they do with it.

"All of them are over 21 years old and they ought to receive some training and experience in handling money now rather than after I am gone," Kroger said.

Kroger, 68, was recently married in Florida. He said he was going to look "with a fatherly eye" upon his family during their training in spending the million dollar gifts.

## JUBILANT FARM BLOC CONSIDERS COOLIDGE VETO

Give Thought to Passage  
Of McNary-Haugen Bill  
If He Disapproves

## MEASURE IS GIVEN GREAT HOUSE VOTE

Equalization Fee Retained  
By Proponents of  
Farm Relief

Washington, May 4.—The congressional "farm bloc"—jubilant over its most smashing victory in the four-year fight over the McNary-Haugen farm relief bill—today for the first time seriously considered the possibility of passing the bill over a presidential veto.

With a two-thirds majority already recorded in the senate and almost a two-thirds vote in the house, the bill will go to President Coolidge with the strongest congressional endorsement ever given it.

Remarkable Triumph

The action in the house was a remarkable triumph for the "farm bloc." After the house had once defeated the equalization fee—the heart of the bill—the "farm bloc" gained control, twice approved the fee and then passed the bill by a vote of 204 to 121. The senate vote was 53 to 23.

The final majority far exceeded the strongest claims made by backers of the measure, who had hoped to increase last year's majority.

Although the bill passed by the house was an amendment to the measure, the bill involved the same principles. Little difficulty was anticipated by "farm bloc" leaders in ironing out the differences before the bill goes to Mr. Coolidge's desk.

The bill has now passed the senate for times and the house twice.

Party Lines Broken

The last real stand of opponents of the measure was made on a roll-call vote on the Aswell substitute, which omitted the equalization fee. The house substituted the bill on Wednesday by a vote of 141 to 120, and then late yesterday defeated it, 185 to 146.

Party lines, broken at the outset of the farm relief fight, remained broken to the end. Representatives of the cotton districts of the south divided on the equalization fee. The New York Tammany delegation, which was claimed solidly by the "farm bloc" split on the final vote.

Republicans were divided. Only the congressmen from the middle west, outside of the large cities, were solidly behind the bill.

As passed, the bill provides a \$400,000,000 farm loan fund to be

(Continued on Page 4)

## ACCIDENT ENDS ENDURANCE TEST

Lieut. Thomas Unable To  
Break Record After  
Gas Valve Leaks

Mitchel Field, N. Y., May 4.—With his attempt to break the world's endurance flight record cut short by an accident to a valve on the gasoline tank of the plane, Relevance, Lieut. Royal Thomas, this morning was making up for lost sleep.

He was forced to land at the field here at 11:50 o'clock last night, after having been in the air for 35 hours, 25 minutes and eight seconds.

While Lieut. Thomas fell far short of the record of 53 hours, 36 minutes and 31 seconds, set by George Halderman and Eddie Stinson last month at Jacksonville, Fla. He established a new endurance record for solo flying. The previous mark of 33½ hours for solo flying was made by Col. Charles A. Lindbergh in his trans-Atlantic flight last year.

Lieut. Thomas was forced down when a dump valve on the main gasoline tank opened and the fuel was lost. It had been leaking for some time and officials at the field were prepared for the landing, which was made without mishap.

## SARBIN STORE HAS OPENING

Several hundred people attended the third anniversary celebration and formal opening of the new Sarbin furniture store, at 106 Main st., Thursday night.

Music was furnished for the occasion by Paul Howell and His Playboys. Souvenirs were given to men and women attending.

## ROYAL ROMANCE ON THE ROCKS

After a brilliant wedding, less than three months ago, Princess Anne of France and the Duke D'Apulia are reported living apart. The princess is reported to be determined to have the marriage annulled in order to marry the man she loves.

## Brothers "Tote" Sister For Ten Miles to Doctor

Stanley, Va., May 4.—Resourcefulness is a part of life in the Blue Ridge mountains. The Cave children, Tommy, 12, Nancy 10, and Johnny 15, were back in their mountain home today after a tortuous ten mile trip down the mountain and back again.

Nancy had broken her leg. There was no doctor and no means of conveyance to a doctor. So the brothers made a "saddle" by locking their hands together and "toted" Nancy down the side of the mountain.

The leg was set by a local doctor and despite advice to leave her back home the boys "toted" her back home again in the same fashion.

## Prohibit Dumping At Disposal Plant

Dumping garbage or any rubbish at the disposal plant will not be tolerated, Mayor Phil Hiddleston said today. Offenders will be haled into court and fined, he said.

"The city is trying to clean up the situation at the plant and it cannot be done if people continue dumping rubbish and garbage there," Hiddleston declared.

## Girl Is Kidnaped, Thrown from Auto

Cleveland, May 4.—Miss Helen Naneth, 24, Cleveland, was in a serious condition at a hospital here today, after being thrown from an auto early this morning.

The young woman told police she had been struck over the head by an unidentified man when she alighted from a street car.

The man then threw her into his auto, according to her story, and drove away. She was found unconscious near the Harvard-Denison bridge about 5 a. m.

## Consent Decree Means Passing of Famed Chicago Night Life

Chicago, May 4.—The passing of Chicago's post-war "speakeasy" night club era, which has offered an artificial retreat for the die-hard merry-makers of pre-Volstead days, was seen today in the padlocking of Fred Mann's famous million dollar Rainbo gardens.

Mann was given ten days to wind up his business, dispose of food on hand and pay off his creditors. The place was ordered closed for one year by Federal Judge Walter C. Lindley after Mann and his attorney, Benedict Short, acquiesced in a "consent" decree.

The injunction was granted on the testimony of undercover dry agents who told of seeing patrons imbibe from hip flasks after "set-ups" of gingerale and ice cubes had been furnished by Mann's waiters.

Mann's "surrender" practically dooms to darkness 12 other famous cafes and night clubs with similar cases pending against them.

The wealthy owners of Rainbo gardens was the recognized leader in the fight to save Chicago's tottering night life. Now owners and proprietors of the Tinseld palaces admit the outlook is dark.

Mann declared that undercover dry agents did the drinking on the premises and that these agents tried in vain to entrap employees into selling or giving away drinks.

Cases against the other places will be rushed through immediately, it was said. They are, the Chez Pierre, Colosimo's, the Parody club, Midnite Frolics, Club Ansonia, Hollywood Barn, Alamo, Samovar, Blackhawk, Jeffery Tavern and The Plantation.

Within two weeks, it is believed, Chicago's once gay night life will be definitely a thing of the past.

## BROODED OVER DEATHS OF HIS WIFE, DAUGHTER

Jacob Orestian, 65, Took  
Own Life Three Weeks  
Ago, Is Belief

## COMMITTS SUICIDE IN BEAVER CREEK

Deputy Kindsvatter Pulls  
Body From Water At  
4 P. M. Thursday

Lisbon, May 4.—Brooding over the deaths of his wife and daughter which occurred last year in Rumania, Jacob Orestian of Lisbon, aged about 65, is believed to have committed suicide by drowning himself in Beaver creek, between Lisbon and Elkton, three weeks ago.

The body was pulled from the water by Deputy Sheriff Lawrence Kindsvatter shortly after 4 p. m. Thursday.

The body was removed to the Eells morgue in Lisbon, and Thursday night Coroner J. M. VanFossen gave a verdict of "death by accidental drowning."

Orestian had been employed by the National Brass & Copper Co. at Lisbon, but was discharged some months ago. Later he returned to another department of the plant, but had not been working steadily.

He told fellow employees at different times that he intended to kill himself. Nothing had been seen of him for three weeks.

Cut Clothes from Body

Orestian lived alone in a one room house on the Blackhill rd. in Center township near the Lincoln highway.

The body was discovered by John Clapsadde who was walking along the creek on the Lisbon-Elkton rd. It was hanging over the branch of a shore tree limb, the head and the feet being under water. Orestian's clothing had to be cut from the body because of its swollen condition.

There was no coat on the body and he wore one black and one brown sock. In his clothing was found seven cents in coin, a small pocket knife, a "McKinley" souvenir pocket knife and two keys.

Orestian was a member of a Rumanian society, and members of this organization who identified the body Thursday night said the man had been missing for a month.

About two years ago Orestian was struck by an automobile as he crossed the Lincoln highway near the Blackhill rd. and was taken to the Central Clinic hospital in Salem. Scars on the head and legs were marks that resulted in identification.

## CONTRACTS WITH WORKHOUSE END

But Commissioners Will  
Keep Agreement With  
Columbiana County

Canton, May 4.—Stark county officials have severed all contracts, effective in 30 days, to keep prisoners in the Stark county workhouse, except those with Summit, Wayne, Carroll, Tuscarawas and Columbiana counties. It was learned today.

This will keep an average of 200 prisoners in the workhouse which is the maximum that can be cared for, it was said.

One hundred and thirty-four prisoners who were sent by counties which have lost contracts, will be kept in the institution until their term expires, June 4.

Five federal prisoners, included in the group of prisoners held, must leave the workhouse June 4 to be taken wherever ordered by federal authorities.

Action of the county officials followed complaints of overcrowding at the workhouse.

## Five Escape Injury In Auto Accident

Five men, employees of the Electric Furnace company, had a narrow escape from injury in an accident about 5 p. m., Thursday, at the filling station near Blackburn hill, Damascus rd. H. E. Dogel, of Alliance, was the owner of the car. The names of the other occupants were not learned.

It is reported that a car pulling out from the filling station ran into Dogel's car. The machine was turned over and badly damaged, but its occupants escaped injury.

The Grate-Overland wrecking car towed the damaged auto to Alliance.

GAS TAXES

The tax of two or three or four cents a gallon paid by the motorist at the service station seems little, but is mighty. Such penny-collectors throughout the country last year brought in \$259,000,000.

Of this amount \$182,000,000 was spent on state highways. It made up nearly one-fifth of all the money paid to build and improve roads in this country, and was the backbone of such expenditure.

All of the states except Massachusetts and New York now have such a tax, and it isn't likely that they will hold out against it much longer. It is a logical form of taxation, when not overworked. It properly puts a big share of maintaining the highways on those who use them most. And few motorists, when the money is spent honestly and intelligently on their highways, have any complaint to make. Motor-making good roads, and good roads make motoring.

WAYS TO WEALTH

Thirty years ago Alfred Loewenstein, Belgian financier, was an obscure young banker in Brussels. Now the world knows about him, and talks of his great fortune, his fleet of airplanes and his small army of secretaries.

The stories are exaggerated, but Loewenstein's wealth is certainly great. Two years ago he offered to lend the Belgian government \$50,000,000 to stabilize its currency.

How did he make it? Talking to newspaper men in New York the other day, he said:

"I believed in the electric and chemical industries. In 1897, I had a part in establishing the first electric power station in Belgium. In 1901, I established the first artificial silk plant in Belgium. Now you know how to make as much money as I have."

GARAGES AND HOMES

It is found that the American people last year built more garages than dwellings. Which is interesting, but not very important. There is no use in going out of the way to criticize it. Automobiles needed homes; their owners already had homes.

More to be deplored is the fact that there was more money spent in this country last year for apartment houses than for single family houses. That doesn't look so good for this generation or the next.

SHOW SOME INTEREST

If you want others to be interested in you, you must show some interest in those with whom you come in contact.

You have few friends because you do not take an interest in others.

If it takes self-denial or any effort on your part to win the good favor of someone you like you won't cultivate that person.

You don't want a friendship that interferes in the least with you.

Of course you are willing to accept favors and allow others to put themselves out for you, since you do not ask it, you say.

But these favors you take as a matter of course and let the matter drop.

Then you wonder why you have so little attention.

No matter how interesting your conversation, no matter how high your intellectual or social standing, if you don't do your part for society, you are doomed to be alone much.

There are too many who are both congenial and appreciative in acts as well as words to bother with a person who takes all and gives nothing.

It isn't hard to pick tomorrow's great diplomat: He's the kid selected to call on the old lady when the \$1.50 baseball drops over the fence into her pants—Detroit News.

Nancy Miller writes that her maharajah husband has got her 26 queerly costumes; and, still, there are folks who wonder why a Seattle girl would change her religion—Columbus Citizen.

## What Others Say

### WHEELS AND WHEELS

The world is wheeling forward on to its destiny, with America leading, far in the van.

In this country 23,127,315 motor vehicles are registered, one vehicle for every five and a fraction persons. It is no idle dream that in a short period of time the manufacturers will have provided a machine for every family in this country.

America literally is on wheels—laborer and millionaire roll to toil or pleasure, to wedding feast or funeral rite on resilient tires; the war horse has passed and the modern chariot has taken his place; even the deserts and jungles have been invaded by the ever-encroaching motor.

Near 4,000,000 trucks and tractors keep company with our 20,000,000 pleasure cars, and this means that there is one passenger car for every six Americans.

And where will this end, or will it end, or should we wish it to end? What is the "saturation" point in automobile production? Who knows? Manufacturers have been talking about it for years and never have found it. Possibly it is lurking somewhere in the vicinity of the potentialities of aircraft possibilities. In face of the swift development in the field of air transportation one might hazard almost any guess. But a heavens filled with airy navies must have its drawbacks. Some careless aviator is bound sometimes to drop a monkeywrench or something on the unsuspecting pedestrian still destined, or doomed, to go higher and you, on the pedal transporters furnished him by Mother Nature—Cincinnati Enquirer.

### HOLLAND TUNNEL FIGURES

In a report by the late Clifford M. Holland in 1920 he calculated that 15,000,000 vehicles would use his Hudson river tunnel in the first year of operation. That estimate was considered conservative at the time. Maj. John A. Bensen, one of the advisory engineers, believed that it would be a capacity tunnel from the opening. But only in the two weeks in November when sightseers jammed the tubes has there been a capacity use.

During the four normal months the tunnel has been in operation the number of vehicles using it has been 2,256,745, and the revenue from them, \$1,248,264.73. These figures would mean for a full twelve-month a total of 6,670,235 vehicles, with a revenue of \$3,744,794.19.

The figures for the first four months and the deductions from them were prepared by the New Jersey Interstate Bridge and Tunnel commission. What may not have been taken fully into account is the probably heavier pleasure car traffic in the summer months. In March this classification began to make a better showing, New York Times.

### PATHS OF TRAGEDY

Nature's tragedies challenge the tragedies of humankind. Just now Nature appears bent upon impressing realization of the force of her awful powers. Death, ruin, starvation, have descended upon wide areas of earth on the wings of storm and flood, in the shuddering horrors of the earthquake, in the black shadow of myriad destroying famine.

Was it the blood of slaughtered martyrs that the other day cried out from the drenched soil of Smyrna, invoking the fate which, in overlooking that ensanguined city? Is that the voice which is summoning elemental wrath to the Balkans, to Greece, to turbulent South and Central American cities? Or is it just the time-old habit of an inexorable dispassionate force, cruel, capricious and incomprehensible—the ruthless Terra, born of Chaos and old Night?

Who shall say? And man keeps pace with the evil and cruel exemplification of the force through bloody, frenzied imitations!

The World war already has become a dim memory to the mass of mankind. Hate and dreams of colossal murder lurk today in the thought of millions of human creatures. At present China holds the center of the stage in this stupendous drama that is so fecund with the germs of world dissolution. Thousands of its people are being slaughtered by other thousands of the same blood, and accompanying the battle lines and the baleful brigandage spawned by internecine war famine walks, gloating over millions of dead and dying creatures, women, little children—youth, maturity and age.

White men and women also are dying in this maelstrom of yellow, hissing wrath, and the pale nations of the west are powerless to call down the curtain on the hellish scenes enacting in the ancient Asian land. They can not, because the white races bled themselves to exhaustion on the fields of France and Flanders a brief decade ago—they set an example for the yellow brown and black races to follow; and they did it in the name of God and country!

Why blame Nature for storm and quake, for drought and flood, for convulsion and contagion while men are born eager to tear at each others' throats to death? And all for a handful of dust, the trumphy of objective sovereignty, or because a national sensibility has been wounded?—Cincinnati Enquirer.

Los Angeles—Palmer Rose Marie said to be one of the wealthiest of the Osage Indian women, and Robert Red Wing, also of the tribe whose members were made rich by Oklahoma oil, recently filed their intention of marrying. They plan to have an open air wedding in North-Hollywood within two weeks. All of the Osage colony in southern California will be invited to participate in the Indian ceremony.

New York—If Ben Turpin ever becomes so that he is no longer covered by an insurance company must pay him \$100,000.

## MANY WAYS TO AVOID KIDNEY STONE, GRAVEL

By Royal S. Copeland, M. D., United States Senator from New York, Former Commissioner of Health, New York City

Among the letters that come as a result of those articles on health are many that relate to stone in the kidney. These writers want to know what is the chief cause.

Of course there are many factors. But we cannot overlook the chief cause and that is faulty diet.

Let me not be misunderstood. If the body is functioning as it should the body is not likely to have any underlying disease. If there is no underlying disease, if there are no lurking germs in the system, it is not likely gravel will form.

At the center of each stone may be the product of germ life.

But that fact, too, may go back to wrong eating habits.

To find out what food may be at fault it's important to find out what chemical substance is found in abnormal quantities in urine. Therefore the first thing to do is to have the urine analyzed to determine if it contains excessive quantities of certain salts. Some of these materials are uric acid, oxalates of lime, or phosphates. Your doctor will decide this question for you. These are the substances which form the gravel or stones.

If uric acid is found to be formed too freely, your doctor will tell you to cut down on meats, particularly

certain parts of the animal, notably sweetbreads, kidney, liver or brain. —was Aquatic pure paids payous iv soned food, rich pastry and coffee should be eliminated from the diet. Fats and sugars should be taken in moderation, while vegetables, fruits and milk should be used freely.

If oxalates produce the gravel, omit vegetables, except peas and beans. You should not take spinach and rhubarb. Figs, strawberries, apples and pears may well be omitted from the diet.

When the stone is caused by phosphates the vegetable diet should be decreased and the meat diet may be increased.

You will see from what I say that the diet depends largely on the nature of the stone-producing conditions. Your doctor will advise you about this. Self-medication and strict dietary practices, self determined, are unwise and unsafe. Even with careful following of the rules I give you today, you might not be benefited in the least for the reason that the advice may not apply to your particular form of trouble. Consult your doctor.

In any case, however, you should not overeat and you should be sure to drink plenty of water between meals. This is the way to avoid kidney stone and it is the way to avoid other distressing conditions. Always it is better to avoid disease than it is to cure it.

Answers to Health Queries

E. F. D. Q—I am a woman of 23 years and have a blood pressure of 128. Is this too high?

2—What do you advise for overcoming insomnia.

3—What is the reason for a person drooling at the mouth?

4—When I have a cold, the mucus from my nose is more or less filled with small clots of blood. What is this caused by?

A—No.

2—You must first find the underlying cause. Many cases are due to intestinal disturbances, constipation, worry and overwork. For particulars send a self-addressed, stamped envelope and repeat your question.

3—This is probably due to excess salivation. For particulars send a self-addressed, stamped envelope and repeat your question.

4—This condition may be caused by nasal catarrh. A nose and throat spray would be very beneficial. For details send a self-addressed, stamped envelope and repeat question.

J. P. Q—What can I do for constipation?

A—Have your meals at regular hours. Eat simple, well-cooked food and avoid ones unduly rich in fats and starches. Exercise is, of course, essential. For full details send a self-addressed, stamped envelope and repeat your question.

W. S. Q—I have been treated for a heart condition, taking digitalis. This helps me but I have to continue taking it. What will help a pain straight through the middle of the chest?

A—Follow your physician's advice. The pain might be due to indigestion which would tend to aggravate the heart trouble.

As a compromise we suggest that the wet and dry question be left entirely with the weather bureau—Atlanta Constitution.

There are said to be 3,000 bootleggers in Washington, but perhaps that is only while congress is in session.—Springfield Sun.

The fact may not interest you, but "Sinclair" is pronounced with the accent on the first syllable now.—Akron Beacon Journal.

Former Chinese bandit becomes a college professor. Here's a good suggestion on the subject of what to do with our surplus bandits.—Cleveland Plain Dealer.

The Stars Say—

For Saturday, May 5.

By GENEVIEVE KEMBLE.

ALTHOUGH there may be lively conditions with much quickened enterprise and constructive effort, yet these will carry a measure of excitement, commotion, unrest and probable change or travel. The high stimulus of Mars trine Luna should assist in splendid initiative and bold adventure, and this should be stabilized by the strong Saturnian force, which makes all substantial and enduring. Yet be wary of deceit, treachery and misrepresentation.

Those whose birthday it is may participate in a year of fine initiative with a tendency to launch important matters, although these may be attended by excitement, unrest, and change or travel. With caution against fraud, deceit and misrepresentation, much enduring and constructive work may be accomplished. A child born on this day may be alert, eager, restless and excitable, but under proper self-restraint and precaution against deception and fraud may achieve substantial results by its fine initiative, enterprise and endurance.

The law of attraction and harmony is proven to be working not only on the physical but the meta physical planes.—Aquarian Pioneers.

## Twenty years Ago

(Issue of May 4, 1908)

Woooster—The greatest damage done by the recent cold snap in this region was to the wheat, and it is feared thousands of acres are ruined.

There are many unemployed foreigners in Salem who are anxious and willing to work but who can find no work to do. The financial depression has worked much hardship upon this element of the population.

Canton—Fire is raging in this village this afternoon. The business section, town hall, police station and fire headquarters are ablaze. It is doubtful that a single building in the town will be saved.

Columbus—Mrs. W. B. McCord, wife of Representative McCord, of Salem, is spending the recess week of the legislature visiting the various state institutions and points of interest in and about Columbus.

Lieban—Death claimed two of the infirmaries' oldest inmates last Sunday evening.

Columbus—The Ohio Sun, morning Republican paper, organized here one year ago, suspended publication today.

French Village, Ill., was visited by a cyclone this morning. Three dead, a dozen persons missing and 20 homes wrecked was the toll it took.

It is said that of the last 1,000 prisoners received at the Ohio penitentiary about one-twelfth are foreigners. The northeast counties of the state contribute the largest number of this class.

Charles Schabe, a machinist at the Mullins factory, fractured a bone in his hand.

C. M. Fink, of Lieban, in company with five other people, left this city Monday evening for Friona, Texas, where he will spend a short time with a view of locating.

## McGraw Signs For Two Years

Cincinnati, May 4.—The decision of John J. McGraw to remain as manager of the New York Giants for two more years was regarded today as a refutation of rumors that the Little Napoleon of the diamond was at loggerheads with Charles A. Stoneham, president of the club. Judge Francis X. McQuade, deposed treasurer of the Giants, had intimated that the relations existing between McGraw and Stoneham were none too cordial.

McGraw, now leading the Giants for the 26th season, refused to sign a five-year contract. His present contract expires at the end of this season.

It is rumored that McGraw's latest contract calls for more than \$50,000 a year, a bonus and part of the club's profits.

## If Good For Fields Helps Garden Also

Higher yields in cornfields and wheat fields, obtained through the use of commercial fertilizers, indicate that the farm or home garden will profit from such treatment just as do the field crops, according to extension specialists in vegetable gardening at the Ohio State university.

As in the fields, commercial fertilizer in the garden pays best when the soil has been well supplied with manure. The specialists say that 1,000 pounds of a 4-12-4 fertilizer will suit the needs of most vegetable crops. On much soils it is usually necessary to increase the potash supply.

The leaf crops such as cabbage, lettuce, spinach, celery, and onions, should be top dressed with sodium nitrate, ammonium nitrate, or calcium nitrate in addition to the use of the balanced fertilizer.

This should be applied at the rate of 150 pounds per acre along the row, as soon as the leaf growth has been started. A second application may be made about 10 days later. The nitrates should not be allowed to come into direct contact with leaves of the plants.

Some growers prefer to apply this top dressing just before a rain. Commercial fertilizers containing nitrogen are most efficient when applied just previous to sowing the seeds or setting out the plants.

In determining the amount of fertilizer to apply to small plots of may be remembered that 100 pounds an acre means one pound for a plot 10 by 43 feet; 200 pounds an acre means a pound for a plot 10 by 21 feet; 500 pounds an acre means one pound for a plot 9 by 10 feet, and 1,000 pounds an acre means one pound for a plot 5 by 10 feet.

## Paris Divorces And Marriages Are Less

Paris, May 4.—Latest statistics published by the minister of labor in Paris show that divorces were on the decrease in France during the year of 1927, 18,487 were pronounced in the entire country, against 20,006 during the previous year of 1926. A very considerable improvement was shown over the year 1921 during which there were 32,547 divorces, undoubtedly the consequence of the abnormal life during the war.

The number of marriages during 1927 and 1926 were 337,864 and 346,126 respectively.

The department of the Seine counts hundreds of thousands of foreigners. Divorces here numbered 274 in 1924, 359 in 1925 and 560 in 1926. The increase was due to a larger number of American citizens seeking divorces on foreign soil. Of these totals, Americans numbered 85 in 1924, 110 in 1925 and 230 in 1926.

Mme. Nina Grieg, widow of the eminent Norwegian composer, Edward Grieg, has given many sealed packets of her husband's and her own letters to the public library of Bergen. They are not to be opened until after her death.

## Banker Weds Dancer

Louis G. Kaufman, Jr., son of socially prominent banker, eloped March 9 with Dorothy Dilley, pretty musical comedy dancer, who will retire from the stage as soon as her present contract expires. This is the second son of the banker who has eloped with a stage star.

(International Business News)

## Money Orders Of 1854 Are Promptly Cashed By Company

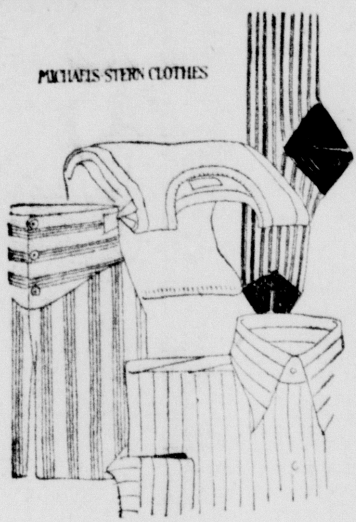

Cheyenne, Wyo., May 4.—Long time stability of the monetary system in use in the United States was proven here recently when Mrs. Anne W. Davis cashed two \$50 money orders issued in 1853 and 1854, respectively.

Back during the gold rush to California, William Call then of Pittsburgh, Pa., succumbed to the call of riches and gold out west. His endeavors proved profitable and he began sending numerous money orders via the Adams Express company to his family in the east. At the death of the elder Calls, the

family library, among other things, was divided among the children. Mrs. Davis recently was cleaning house and found one of the books she had received from her parents in it were two money orders, yellow with age.

Mrs. Davis took the slips of paper to the American Railway express office where they were immediately cashed.

Kitty Hawk, N. C.—While the nation's capital feted the Bremen's gallant crew villagers of this isolated reef paid homage to Orville and Wilbur Wright, whose first short flight in a heavier-than-air machine, 25 years ago, started the world.

## GENERAL MOTORS SELLS AT \$200

New York, May 4.—In a burst of speculative enthusiasm, General Motors sold above \$200 a share on the New York stock exchange today. The stock had been bid up to 199 1/2 in the latter part of April but failed to reach its \$200 objective at that time.

Expectation of a special cash dividend of at least \$2 a share, in addition to the regular quarterly dividend of \$1.25 a share, furnished the driving power behind the big motor stock at the beginning of trading today. At 203, the stock showed a new gain of 6 1/2 points and a rise of 73 points from the February low.

## SLUSH PROBERS AWAIT REPLIES

### Set Date For Hearing As Soon As Candidates Answer Telegrams

Washington, May 4.—The eight senators who are candidates for the presidential nominations in both major parties today informed the senate's new presidential campaign fund committee they were ready to testify about their campaign expenditures at any time.

Washington, May 4.—The senate's new "slush fund" committee will launch its public hearings on expenditures in presidential primary campaigns as soon as the candidates in both major parties reply to invitations to testify, it was announced today by Senator Steiwer (R), of Oregon, chairman.

Invitations have been sent to six Republicans and eight Democratic presidential candidates. All were expected to agree to appear voluntarily instead of awaiting official subpoenas.

Senator Charles Curtis (R) of Kansas, a Republican possibility, and Senator Walter L. George, of Georgia, a Democratic "dark horse," both announced they were ready to testify "on a moment's notice."

Curtis, said he was ready to testify either today or tomorrow. The "slush fund" committee meanwhile will await replies from a majority of the 14 candidates solicited before setting a definite date for the hearings.

The presidential candidates, asked to appear at the hearings, are Senators Curtis, James E. Watson, of Indiana, George W. Norris, of Nebraska, and Guy P. Goff of West Virginia, and Secretary of Commerce Herbert Hoover, Republicans.

Alfred E. Smith, of New York, Senators James A. Reed, of Missouri and Thomas J. Walsh of Montana, former Senators Atlee Pomerene, of Ohio, and Gilbert M. Hitchcock, of Nebraska, and Governor Albert M. Ritchie, of Maryland, Democrats.

The committee not only asked each candidate to say when he would appear to testify, but asked him to name all "authorized chairmen, managers, treasurers and other representatives acting in your behalf." These will be examined after the candidates have testified.

### Boone Speaker At Salem Grange Hall

Salem grange met at the hall on the Depot road last evening.

Two persons were given the first and second degrees. In the lecture hour each member responded to his name by telling his favorite toy or game when a child.

"Tasty dishes made from wild greens" was then discussed by the ladies led by Mrs. G. C. Greenisen.

W. H. Boone of Willow Grove grange gave a very interesting talk on the value of organization and combining efforts to visitors night at which time it will be host to a number of other granges, each one of which has been invited to put on a part of the program.

### ADVISE

(Continued from Page 1)

circumstances. He made that plain in his message to Josephus Daniels, the Raleigh publisher, denying imputations that he would have anything to do with a third party movement.

"I am a Democrat," said Reed, inferring that as a Democrat he is willing to stand or fall by the convention's verdict.

The talk of a third-party independent movement against Smith had pretty well died out today. No influential party figure took it seriously at any stage, and Reed's quick disclaimer killed it entirely save for the more radical anti-Smith Democrats like Senator Heflin of Alabama and Senator Blease of South Carolina.

Heflin predicted today there will be a revolt if Smith is nominated but he declined to say today who would lead it.

Blease Urges Dry Party

Blease said if the Democrats nominated Smith there would be a dry ticket in the field. He even named the ticket: "Borah and McAdoo." Borah merely smiled when told of it.

So confident are the Smith people that the governor is "in" at Houston that they are already talking in Washington of running mates. Rep. Cerdell Hull of Tennessee, is favored by a number of the Smith leaders in congress. Hull is dry. Protestant, comes from a doubtful state, and has a considerable party following.

### JUBILANT

(Continued from page 1)

used by a federal farm loan board to control the agricultural surplus and stabilize prices.

Every agricultural commodity is included, a final effort to eliminate fruits and vegetables being lost.

The federal farm board would have power to loan the \$400,000,000 to co-operative organizations or corporations organized by co-operatives to market agricultural products.

It could take the surplus off the market and sell it abroad. To make up the loss of "dumping" products abroad, the board could charge the farmers of the nation an equalization fee.

The board would have the power to suspend operations anytime it found that farmers were increasing their production to such a point that the beneficial effects of the plan would be destroyed.

### Veteran Succumbs

Newark, O., May 4.—William F. Dayton, 81, said to be the oldest living engineer of the Baltimore & Ohio railroad, was dead today after 54 years of continuous service.

## A Fashion Model's Diary

By Grace Thorncliffe

She Waits Away Depression with Black and White Kasha

MRS. KENDREW came into the shop yesterday almost in tears.

"Grace," said she to me, "I'm heartbroken. When I was down at Palm Beach I had my hair cut so short—they told me it was being done—and I didn't know—I took their word for it," she babbled on in despair. "I went to my hairdresser this morning and Pierre told me that bob simply must be worn an inch longer than last year, and I'm as close-cropped as a just liberated convict, and I could weep—actually, I could weep. It will take my hair months to grow. I know it will. I could say that Palm Beach hairdresser—I could say him in cold blood."

Tears were very near the surface now.

"I'm so depressed I simply have to buy something. When I feel badly about anything I weep it out of my system or buy something. I simply can't weep because my mascara would run and I have to go on to bridge and tea—how I'll ever play a hand feeling as I do, I don't know."

"So," she concluded, with a miniature sniffle, "I'll have to buy something. Show me anything that's cheerful enough to make me forget about my hair."

Swallowing giggles, I complied and modeled what I thought was a cheerful enough costume to stay the hand of a prospective suicide. It was a black and white sport suit with dynamic appliques on the blouse and skirt of black stitching on the coat. It had an air of contentment and well-being about it. If you know what I mean.

Mrs. Kendrew did. "Oh, that's darling," she exclaimed.

She ordered it. Hairdresser, depression and tears forgotten completely, she set out light-heartedly for her bridge game.

Black and White Kasha Sport Suit of Original Design.

## WILL ELIMINATE WAR IN HYMNS

Kansas City, Mo., May 4.—The Methodist general conference acted favorably here today on a motion by Delegate Chester A. Smith of Peekskill, N. Y., to revise the church's hymnal and eliminate hymns that exalt war, and change the responsive readings of the church by stressing peace where war references appear.

The conference instructed that a plan for revision be submitted in 1932 at the next quadrennial conference.

### Two Children Meet Death In Bucyrus

Bucyrus, May 4.—Two small children were dead here today as the result of accidents.

Edward Schiffer, three, son of Mr. and Mrs. Edward Schiffer, was killed when struck by a car driven by Clarence Gingers as he played in the street.

Chester Metzger, three and one half years was burned to death when his clothes caught fire as he played with matches during his mother's absence from the kitchen.

### Apple Scab Spores Are Ready To Shoot

A representative from the botany department, Ohio agricultural extension station, Wooster, who was here Thursday, gave out a report that will be of interest to all orchardists.

He stated that apple scab spores are ready to shoot and that a fine sulphur spray should be applied to the trees immediately.

The spraying should be done before the first rains as many of these spores will shoot during the first rainy spell.

99 1/2 Main St. Phone 1208

Suede Cloth and Krimmer Combined in Smart Spring Coat.

A LOVELY shade of cloud-blue suede cloth is used in this coat which displays a two-tiered motif that is clearly a development of the modernistic influence. It is excellent for early Spring, or for motorizing or for the cooler Summer evenings.

Its deep collar of gray krimmer tapers down to a natural waistline and similar cuffs band the sleeves. The whole is topped by a blue felt cloche hat banded with gray gros-grain ribbon.

Two of the great enemies to youth and vitality are delayed elimination and intestinal poisons. To keep yourself free from both these common difficulties will help you to stay young.

With the use of Nujol you can do it too. For Nujol absorbs body poisons and carries them off, preventing their absorption by the body. Nujol also softens the waste matter and brings about normal evacuation. It is harmless; contains no drugs or medicine. It won't cause gas or griping pains, or affect the stomach or kidneys. Every corner druggist has Nujol. Make sure you get the genuine. Look for the Nujol bottle with the label on the back that you can read right through the bottle. Don't delay, get Nujol today.

### War Ace Killed

Major John L. Fancher, commander of the 41st division air unit of the Washington National Guard and World War act, was the victim of an accidental bomb explosion at the Wenatchee, Wash., Apple Blossom Festival.

Suede Cloth and Krimmer Combined in Smart Spring Coat.

A LOVELY shade of cloud-blue suede cloth is used in this coat which displays a two-tiered motif that is clearly a development of the modernistic influence. It is excellent for early Spring, or for motorizing or for the cooler Summer evenings.

Its deep collar of gray krimmer tapers down to a natural waistline and similar cuffs band the sleeves. The whole is topped by a blue felt cloche hat banded with gray gros-grain ribbon.

Two of the great enemies to youth and vitality are delayed elimination and intestinal poisons. To keep yourself free from both these common difficulties will help you to stay young.

With the use of Nujol you can do it too. For Nujol absorbs body poisons and carries them off, preventing their absorption by the body. Nujol also softens the waste matter and brings about normal evacuation. It is harmless; contains no drugs or medicine. It won't cause gas or griping pains, or affect the stomach or kidneys. Every corner druggist has Nujol. Make sure you get the genuine. Look for the Nujol bottle with the label on the back that you can read right through the bottle. Don't delay, get Nujol today.

### Blind Lawyer Dead

Marion, May 4.—George D. Copeland, 68, well known as the "blind attorney" in the courts here, died at his home here today. Copeland had been blind for about 15 years, but had continued to practice law for several years after he was stricken.

### Kelly For Hoover

Washington, May 4.—Rep. Clyde Kelly (R) of Pennsylvania today announced that he will support Secretary Hoover for the Republican presidential nomination. Kelly represents a heavily populated manufacturing district in Allegheny county.

### Keep Out Aliens

## IRISH MAJOR WITH HIS DAUGHTER

Major James Fitzmaurice, Irish member of the crew of the Bremen, with his daughter Patricia. Pat arrived at New York on the S. S. Dresden with her mother in time for the wonderful reception given to her hero father. She was made queen at the May Day Festival at Central Park for the children of New York City.

ONLY ONE COURT  
OPEN NEXT WEEK

No Visiting Judge Has  
Been Assigned To Aid  
Judge Lones

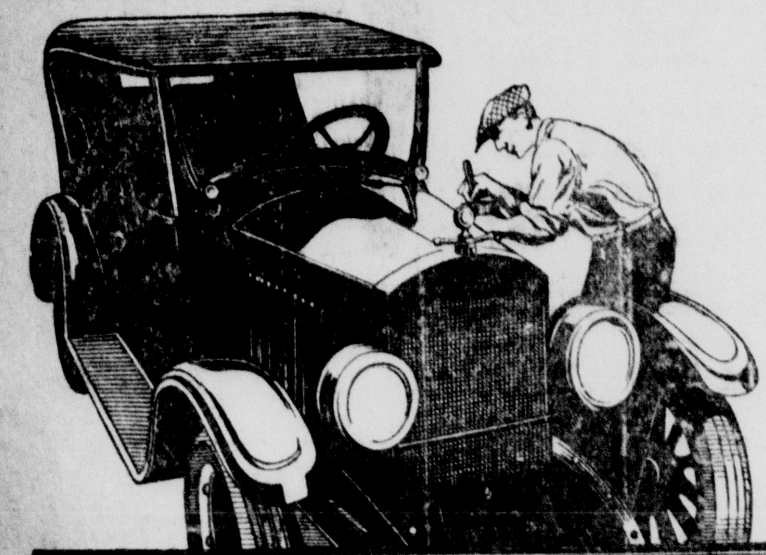

With Judge William Crow of Millersburg closing his assignment as a jurist in this county today there will be only one branch of common pleas in session next week, with Judge W. F. Lones presiding. The court has not announced when another jurist will be assigned to assist in No. 2 courtroom, and it is possible that no visiting judge will be sought until September. Cases assigned for trial next week had been previously listed but not reached, and those in the list below that cannot be reached during the coming week, will go before the court the week of May 14. The assignment for next week reads:

**Monday**  
Mrs. T. J. Glowe vs. The East Palestine Rubber company.  
Anna McDonald vs. Alice McDowell as admrx.  
Jacob Bowers vs. The Allison & Harris Construction company.

**Tuesday**  
Virginia Hamilton vs. The Chester Construction company.  
E. E. Groves vs. Zora Trotter.  
Harold C. Johnston as admrx. vs. Harold J. Driess.

**Wednesday**  
C. H. Rukenbrod vs. J. H. Hinchliffe et al.  
Daniel Swin vs. The Pennsylvania Railroad company.  
Ohio ex rel Hazel Cope vs. Frank McBride.

**Thursday**  
B. Lowenstein & Bros. vs. The Salem Rubber company.  
Ohio ex rel Myrtle Colegrove vs. Martin Sheerer.  
P. L. Stevens vs. H. R. Garrod et al.

## AUTO ENAMELS

You can make the old car look like new by refinishing it with Rogers Auto Enamel.

A few hours' work with a can of this enamel will make your auto look bright and new again. The cost will be insignificant, and the work a pleasure as you see the improved results appear.

Rogers Auto Enamels spread evenly, work easily, dry quickly and will not chip or crack. They will withstand all kinds of weather and repeated washings.

Made in all popular shades; also Detroit Auto Finishing Varnish and Detroit Enamel Undercoater.

Boyd on the west side. These are to remain in office under the law for the term they have been elected, and their successors elected and qualified.

There is a third justice of the peace in that township, but this was by appointment of the township trustees. The question of the authority of the latter was not a matter to be considered in probate court in this case.

## Given \$1,784 Verdict

A jury in No. 2 court has returned a verdict in favor of the plaintiff for \$1,784.25 in the case of Margaret Wilkey against John B. Rehman. The plaintiff sued to recover on a bond of \$2,500 posted by the defendant with the Detroit Fidelity & Guarantee as surety. It was declared by the insurance company that the bond was issued without its authority.

## Partners Disagree

Rose Tischler and Katherine Gunesch of Salem entered into an agreement to open a restaurant at 78 Depot st., Salem, each to put in \$500. The restaurant was to be located in the property of Mrs. Gunesch, and a rental of \$75 per month was agreed upon.

But now a disagreement has arisen and Rose Tischler has filed a petition in common pleas court, seeking an accounting and the appointment of a receiver.

The petition declares she was to work in the kitchen and Mrs. Gunesch was to be the cashier and manager. Rose Tischler says she has obtained nothing and now desires the court to dissolve the partnership.

## Wife Sues Husband

Goldie M. Johnson of East Liverpool, has filed a petition for divorce in court against her husband Robert E. Johnson, residing in "Gardendale," East Liverpool. They were married at New Cumberland, W. Va., Aug. 6, 1923 and have one child.

Gross neglect and extreme cruelty is charged against the defendant, it being related Johnson forced his wife to leave their residence Dec. 22, 1925.

## Finds Amount Excessive

In the case of Catherine Strabley and others against the village of Salineville, an action for an injunction filed in common pleas July 23, 1923, Judge William Crow has found the assessment against the plaintiff's property excessive at \$850, and the court has made permanent the amount at \$400. It has also been ruled that this amount be considered a lien against the property. The plaintiff in this case is to pay the costs for her own witnesses and the defendant the balance of the costs.

## Two Justices Sufficient

On the petition filed in probate court by residents of St. Clair township to have the court to determine the number of justices of the peace necessary for that township, Judge Lodge Riddle has ruled that two are sufficient.

Two justices of the peace were elected in that township, W. H. Calvin on the east side and Robert

is to recover on a note for \$500 given the plaintiff by the defendants July 28, 1926, and on which there is now owing \$502.37.

## Seeks \$5,000 Damages

As a result of being struck and injured by a truck owned by the Ohio Power and Light Co., William E. Panner, aged four years, through his next friends has filed suit against the company in common pleas court seeking \$5,000 damages. The plaintiff is represented by a Youngstown law firm.

The petition relates that the child was struck by the truck at 10:40 a. m. Sept. 10 at Lisbon, and that the accident was due to the negligence of the driver.

## Real Estate Transfers

The following real estate transfers have been filed for record:

Sarah E. Deem, executrix to John M. Buchanan, lots 165-6-7 Bloom-

field 2nd addition, East Liverpool. \$1,000.

## QUALITY NEVER SACRIFICED TO MEET A PRICE!

My market is conducted along the lines of correct merchandising principles. I do not manipulate quality in order to meet a price. I know through my long experience in catering to the public that the only safe way to deal with my patrons is to give them a full measure of value at the right price.

FREE—One Pound of Sugar Absolutely Free -- FREE  
With Each Lb. of Bulk Coffee Purchased Saturday

I want more people in Salem to use our fresh roasted coffees. I want more people to realize the vast difference in fresh roasted coffee and coffee that has been roasted for weeks and months before it reaches your homes. For that reason, I am willing to take a loss on the coffee for Saturday only and give you a pound of sugar free with each pound purchased. I am using blends of green coffees for roasting that I have sold for ten years with great success, and I am positive that you cannot match them in Salem for at 5c a pound over my price. I have this coffee in three grades to meet all tastes and all pocketbooks, 38c, 42c and 48c a pound.

## Come and See Our Display of Fresh Vegetables, Fruits

If you are down town Saturday, be sure and come in and see our display of fresh vegetables and fruits. By far the biggest and best line in the city, and considering quality, our prices are the lowest.

Fresh Tomatoes, sound, ripe, lb 25c	Pineapples, large size, each 25c
Head Lettuce, well trimmed, 3 Heads 25c	Spinach, 2 pounds 25c
Cucumbers, large, 2 for 25c	Grape Fruit, large, 2 for 25c
Long Radishes, 3 bunches 10c	New Potatoes, 3 pounds 25c
New Carrots, New Beets, New Peas, New Beans, Strawberries, G. Peppers	

## Bread, 24 Oz. Loaf, Only 10c

Remember that all bread sold at my market is baked in our own bake shop and that we sell you a 24 oz. loaf for only 10c. It is made with milk and from the best flour obtainable.

## Pastry Department

All our pies and cakes are produced in our own bakery and when it comes to real quality, you cannot beat them. We make a specialty of our 25c layer cakes and our cookies at 15c a dozen and our sweet doughnuts at 20c a dozen.

## MEAT DEPARTMENT

When it comes to meat, you all know that we handle nothing but prime native steer beef, home dressed veal and fresh pork. I want to particularly caution you to be careful about frozen pork with the warmer weather we are now having. However, if you want it, buy it from the other fellow, as we do not handle it.

Pure All Pork Sausage, lb. 20c	Pork Loin Roasts, lb. 20c

# SCIENTIST SEES MACHINE WORLD COMING TRIUMPH

## Oxford Professor Gives Views of Utopia In Near Future

London, May 4.—Visions of the time when the world will be a modern Utopia driven by machinery were unfolded by Professor F. W. Burdall of Mechanical Engineering in the students' meetings at Oxford.

Professor Burdall predicted the day will come when man will triumph over work, when manual workers will toil only five hours a day, and when domestic service will be a thing of the past.

"Man is always greater than the machine," he said. "Mankind will never in any circumstances allow itself to be mastered by more blind mechanism, as some modern schools of thought have prophesied."

### Laziness Is Reason

"Laziness is the reason for all the remarkable mechanical developments. The human frame is quite incapable of any serious labor. Humanity has been struggling to provide other means of doing the work which it wants to do, and that is the bottom of the idea of the mechanical worker or robot. The human is not really a working agent at all; it is really a directing mechanism."

"Domestic service is going to be non-existent in the future. I look forward to seeing a comparatively simple form of dwelling, warmed and lighted as they are today, provided probably with clear purified air, and with such simplicity that it will only be a matter of a few moments to remove the dirt and other substances which we bring in during the day."

"Science is going to cut down the hours of labor. I venture to think that within a generation hard manual labor will be reduced to five or six hours daily. This is sure to come."

### Heaven On Earth

"Science is going to put into our hands the possibility of a heaven upon earth. There are no limits to what we can do, but I venture to think that unless the human makes up its mind which way it wants to go, then instead of being pleasant this will be a curse."

In Professor Burdall's opinion once labor has been cut down to the minimum, there will be more time for amusement, with the result that a definite and systematic instruction in amusement and leisure will have to be prepared.

In this modern Utopia of his, the roads will be built so that automobile traffic will be able to proceed at speeds of 70 to 80 miles an hour, and the pedestrian will have his own road so that he can walk about without fear of being knocked down.

## COLEMAN MINE TO OPEN AGAIN

Lisbon, May 4.—The mines of the Beaver Coal & Clay Co., operated at Coleman by William H. Dunn of Salem, will be started up in full, it was announced today.

Work has already been begun on preparations for operation in full, under the direction of David Lewis, superintendent, and as soon as everything is in readiness, 130 miners will be given work. This mine, located along the Erie railroad, is one of the best equipped mines in this locality, and operated steadily until one year ago on April 1, when it closed down.

## CONFERENCE ON INTERNATIONAL JUSTICE MONDAY

Cleveland, May 4.—Final plans for the world conference on international justice in Cleveland May 7 to 11 are announced today by Dr. J. C. Deerin Call of Washington, D. C., executive secretary of the American Peace Society, whose centennial is to be celebrated at the conference.

The opening session of the conference, at which it is hoped President Calvin Coolidge will be the principal speaker, will be held at 10 a. m. Monday, in public hall.

During the week sessions will be held daily in Hotel Cleveland of the six commissions which are to report upon methods of co-ordinating all peace efforts and upon the international implications of religion, education, industry, justice, and social agencies.

Other sessions will be held as follows: 3 p. m. Monday, public hall; 8 p. m. Monday, public hall; Tuesday, 3 p. m., Masonic auditorium; Tuesday, 8 p. m., Masonic auditorium; Wednesday, 3 p. m., Masonic auditorium; Wednesday, 8 p. m., Masonic auditorium; Thursday, 3 p. m., international tea party, lawn of Art Museum; Thursday, 8 p. m., Masonic auditorium; Friday, 3 p. m., Masonic auditorium; Friday, 8 p. m., public hall.

## May Start Fund To Purchase Blood For Transfusion Cases

San Francisco, May 4.—Many are only the transfusion of life-giving blood from a healthy person to one fighting for heart-beat can ward off death.

But when the patient is penniless and dangerously ill—there arises the problem, according to Dr. Lionel S. Schmitt, director of the University of California here.

"Professional donors of blood charge \$50 for each transfusion," said Dr. Schmitt. "The problem of raising money to pay their charge has constantly grown greater. I be-

lieve it is only by establishment of a fund donated by interested people that we can hope to cope with the emergencies of the situation."

Members of the hospital staff point out that blood transfusion has been the means of saving the lives of countless people.

### HOMEWORTH

The Baccalaureate service at the Lutheran church at North Georgetown in charge of the Rev. J. A. L. Mench Sunday evening was well attended. Music was furnished by Wilson V. Myers, instructor of music, Canton. Commencement exercises will be held for members of the graduating class at the town hall at North Georgetown Saturday evening. There are seven graduates.

Mrs. Eunice Hoffman spent last week with her daughter, Mrs. William Shidler of Freeburg.

Mr. and Mrs. Vernon Hahn and family of Waynesburg spent Sunday with Mrs. Glass' brother, Mr. and Mrs. O. R. Glass.

Mr. and Mrs. Howard Conrad have moved to their new home vacated by Grant Davis.

Mrs. Ambrose Reed who has been very ill is convalescing.

Mr. and Mrs. Simon Bandy who

spent the winter in Florida have returned home.

Mrs. Marietta Liber is critically ill at the home of her son-in-law and daughter, Mr. and Mrs. C. D. Heesland. She is the mother of Ross Liber.

Dr. and Mrs. Frank J. Mangus of Salem called on Homeworth relatives Sunday.

Perry M. Stull and daughter, Mrs. Iva Thomas, of Canton, were guests of relatives and friends at Homeworth Sunday.

Mr. and Mrs. Clair Hahn and daughter, Betty Lou of Alliance, spent Sunday with Mrs. Hann's parents, Mr. and Mrs. E. W. Jackson.

Mr. and Mrs. V. L. Thomas and daughter, Kathleen, were guests Sunday of Mr. and Mrs. Marion Stump near Bayard.

Miss Hazel Barnes spent Saturday in Alliance.

Mr. and Mrs. Clarence Reed and baby of Alliance and Mr. and Mrs. Lloyd Albright and children, Harry and Leta, of Homeworth, were guests of Mr. and Mrs. Charles Reed of Massillon Sunday.

Ralph Felgar who has been suffering from an infected arm is now getting along favorably.

Mr. and Mrs. Arthur M. Thomas of Beloit spent Saturday evening at

the home of his parents, Mr. and Mrs. D. W. Thomas.

Mr. and Mrs. Lewis McBride of Alliance called on relatives here Sunday.

William McDaniels of Beloit called on friends in this vicinity Sunday.

The rural schools will close next Friday, May 4.

The funeral service for Mrs. Marietta Liber was held at the Reading church Thursday afternoon in charge of Rev. Aaron Heestand of Wooster.

## Bia Oil Companies Will Spend Millions In Ohio Competition

Cleveland, May 4.—The international struggles between the Royal Dutch Shell and the Standard Oil interests, which already has reached three quarters of the way around the world has been carried into Ohio, the birthplace of Standard.

with the opening of the first Roxana Petroleum corporation storage station here. The Roxana, a subsidiary of the Royal Dutch, contemplate building five other stations in Cleveland shortly, it was said by oil men.

The Roxana corporation's construction of a program here which, it is said will involve an expenditure of nearly \$5,000,000.

The Standard Oil's "competitor" will also erect a \$3,000,000 bulk station to be completed this summer and a tanker at Lorain, O., to carry oil from Shell refineries at Hammond, Ind., to the new bulk station here. It was reliably learned.

Cleveland, according to oil men,

## START ON LOWER COUNTY HIGHWAY

Award Contract May 18 For Middleton End of Youngstown Rd.

Lewis & Copeland of Lima, were the first of a group of contractors having new road construction contracts in Columbiana county this year to begin pouring concrete.

This firm had the contract last year for the surfacing of a southern section of the East Liverpool-Youngstown rd, but because of several fills the entire contract was not finished. These gaps are now being closed, and all will be finished within a week.

These new sections, however, will be closed to traffic until three weeks later for the purpose of allowing the concrete to cure. At that time the new road will be opened from the Y. & O. sub station to a point near Williamsport.

From Williamsport, north to Rogers, the surfacing of this section is to be done by the Mellert-Weidener Co. All of the equipment for this job has been placed and the first concrete was to have been poured today. The grading of this section at the Rogers end was finished last Tuesday.

Section "D" of this same road from Middleton to the Cox highway will be up for letting by the state highway department at Columbus, May 18. This is the last section of this road to be surfaced.

This road was graded in 1926 by the Lewis & Copeland Co., and the contract that is to be awarded will be for surfacing only.

The road will be 18 feet in width and the estimated cost for this type of construction is \$78,101. For brick on a concrete base the estimate is \$120,049. A stretch of 2.89 miles is to be surfaced.

Allison-Harris Co. of East Liverpool have the contract for surfacing the Liverpool township section of the road.

## Preparations Made For Ohio Convention Of Dems In August

Columbus, May 4.—Preparations were under way here today for the state platform convention of the Democratic party to be held in Columbus, Aug. 24. Henry J. Brunner, of Mansfield, state chairman of the committee, has charge of arrangements.

The entire Democratic delegation to the Democratic national convention at Houston, will leave in a special train from Cincinnati on June 23.

Henry B. Greve, of Hamilton was appointed as deputy supervisor of elections in Butler county by vote of the central Democratic committee in session here late yesterday.

COME AND ENJOY THE CONCERT BY ALLEN INSTITUTE OF MUSIC AT THE MEMORIAL BLDG. TUESDAY, MAY 8, 8:00 P. M. BENEFIT ENGLISH LUTHERAN BUILDING FUND. ADM. 50c 10c

### To Attend Convention

Mrs. John Enriken and Mrs. Martin Kaley will attend the N. C. C. W. convention next Wednesday at Cleveland. Mrs. Enriken goes as a delegate.

Mrs. Ed Maley will attend as a delegate from the Catholic Daughters of America.

### City Hospital Notes

Ruth Reed of Canfield, is in the hospital for surgical treatment.

These patients have been discharged: Mrs. Walter Satterthwaite and baby, Salem, R. F. D., and Mrs. Anna Fitzsimmons, East Palestine.

### Kiwanis Business Meeting

The monthly business meeting of the Kiwanis club was held at the Memorial building Thursday noon.

## THREE PLANES ON GOODWILL HOP TO COAST

New York May 4.—Three huge tri-motored limousine airplanes, built for comfort and speed, will leave New York early next week on an aerial "goodwill tour" across the continent to California, making stops at 40 leading cities.

The planes, when they reach California, will be used on a new passenger air line between San Francisco and Los Angeles.

The schedule for the tour calls for the following stops: Plane No. 1, Northern route: Boston, Albany, Buffalo, Cleveland, Toledo, Detroit, Chicago, Moline, Omaha, Denver, Salt Lake City, Los Angeles.

Plane No. 2, Central routes: Philadelphia, Pittsburgh, Columbus, Dayton, Indianapolis, St. Louis, Kansas City, Wichita, Amarillo, El Paso, Tucson, Phoenix, Oakland, Los Angeles.

Plane No. 3, Southern route: Baltimore, Washington, Richmond, Atlanta, Montgomery, New Orleans, Houston, Dallas, Fort Worth, Midland, El Paso, Tucson, San Diego, Los Angeles.

The planes are triple-motored, develop 1,275 horsepower, will carry a load of 5,000 pounds and develop a speed of better than 150 miles an hour.

### Three-Day Service

Berlin May 4.—The North German Lloyd line is planning a combined steamship-airplane service to America in three days. It is planned to have the liner carry planes which would hop off when the ships have covered half the distance to America.

## WILCOX STARTS PEN SENTENCE

Former City Treasurer Of Ashtabula Faces 2 to 21 Years

Columbus, May 4.—Albert E. Wilcox, former city treasurer of Ashtabula, was in the Ohio State penitentiary here today to begin serving a 2 to 21 year term to which he was sentenced by the Ashtabula common pleas court after pleading guilty to one of five indictments charging him with embezzlement of Ashtabula city funds.

A shortage of \$22,979 was discovered in the man's accounts last January. Wilcox was then arrested.

Liabilities in the case were covered by the payment of \$29,000 to the city by bonding companies, the National bank of Ashtabula, where Wilcox was employed as assistant cashier, and by Wilcox turning over the equity he had in his home to authorities.

Wilcox was a high official in an Ashtabula church. He has a wife and a daughter who is said to be teaching school in an eastern city.

### NOTICE!

BEGINNING MONDAY EVENING, MAY 7th, THE FRIGIDAIRE SALES ROOM LOCATED ON MAIN ST., OPPOSITE CITY HALL, WILL BE OPEN EVENINGS UNTIL 9 O'CLOCK. THE PUBLIC IS INVITED TO COME IN AND SEE OUR NEW COMPLETE LINE OF CABINETS. W. G. PAXSON, DEALER. 1061

# Full Salem Squad Will Enter Carnegie Tech Meet Saturday

## POLE VAULTERS TO PARTICIPATE WITH HIGH TRACK SQUAD

Look for Litty, Pasco and Other Stars To Take Points; Allen and Roessler Not Going To Marquette Meet

Despite the fact that his team failed to show much in its work-outs so far this season, Coach Wilbur Springer is aiming for first place in the Carnegie Tech track and field meet which will be held at Tech on Saturday.

The squad has been working hard all week trying to better the fairly good marks made at Canton when the team finished at the bottom of the triangular set with Canton McKinley and Akron Central.

The squad has been picked by Springer to make the trip. His decision to send Keith Roessler and Lowell Allen to the Tech meet instead of the Marquette Relays at Milwaukee insures Salem of two places in the pole vault, as Allen won it last year at 11 feet 7 1/2 inches.

The rest of the squad is fairly uncertain, but it might be safe to say that Litty can be figured on for a place in the high hurdles. Arnold Seeds, who has been out for a week due to a cut hand, will be back in action, but will be somewhat out of form due to his lack of practice. If Seeds is in form, Salem can figure on him to score in both the 220 yard low hurdles and the 100 yard dash.

**Pasco Has Good Chance**

Pasco has the best chance of the squad entering the field events, and may possibly win the javelin. Ed Siding, who came out for the first time for a week on Wednesday, is rounding into form and may place. Close competition is looked for by the officials of the meet. Athletes from nearly 50 High schools in Ohio and Pennsylvania have been entered, and an additional number is expected from these two states and West Virginia before entries are closed.

The entries include Columbus Central, winner of the 1927 meet, Akron South, 1926 winner, and Lock Haven, Pa., winner in both 1924 and 1925. As in former years, the meet is restricted to High schools.

Prizes will include a cup to be awarded to the school winning the meet, cups to winners in four classes of relays, and individual medals for the winners of the events. Approximately 800 High school athletes are expected to compete.

The mile relay team will be composed of Floyd Litty, Van Campen and either Horstmann, Scott or Glenn Whinnery.

Managers of baseball teams expecting to enter the city league this season will meet tonight to make final plans and draw up the schedule for the season, provided the quota of eight representatives are present.

Joe Kelley, manager of the league, is trying to make a big thing out of this year's circuit, and hopes to have more than eight teams entered, if possible.

Playground or "mush" ball will be played instead of the usual hard ball as there is no place in the city where hard ball can be played. Games will be played at Centennial park.

Kelley is arranging a series of games with Damascus which will be played by the league all-star team. Tonight's meeting will start at 7:30.

**FIGHT RESULTS**

At Williamsport, Pa.—Lou Scozza, Buffalo, outpointed Allentown Joe Gans, Wilkes-Barre, Pa., eight rounds.

At Bridgeport, Conn.—Jules Som-bathy, Bridgeport, defeated Joe Curry, New York featherweight, eight rounds.

## DEMPSEY PLANS TO ACT OR FIGHT

Will Sign With Belasco For New Show But Is Ready For Ring

By DAVIS J. WALSH

New York, May 4.—Jack Dempsey, the man who won't fight any more, has signed or will sign a theatrical contract with David Belasco, which specifically provides that Dempsey may be allowed to step off the stage and into the ring at any time he sees fit.

Estelle Taylor, wife of the man who won't fight any more, made this statement last night before the couple left for Wilmington, Del., home of Miss Taylor's parents.

Previously, Dempsey, the fighter in permanent retirement, and Tex Rickard, the man who retired him from circulation, had spent all of Wednesday evening in each other's company and found so little to talk about that they lunched together yesterday noon, in another effort to discover whether they didn't really have some interests in common, after all.

They probably talked about the pitiable state of affairs in Grand Rapids and this naturally was the reason they got together in strict privacy.

The clause in the Belasco contract, giving Dempsey the right to retire from the show in the event of getting a ring engagement, was inserted at the ex-champion's insistence. When it was pointed out that stage work might interfere seriously with a Dempsey fight in the immediate future—in September for instance—Miss Taylor made a rather significant remark.

"He'll be in shape to fight," she said.

The actual signing of the theatrical contract, it seemed, was postponed until after Dempsey had talked with Rickard yesterday. Miss Taylor didn't say that her Jack was waiting to get Rickard's approval of the arrangement and the writer's greatest handicap is in being a gentleman. Anyhow, he didn't question the lady about this point.

Both of the Dempseys will appear in the cast of the show, which she said would go into rehearsal July 1 and have its premiere at Atlantic City in August. It will reach Broadway a week or two later.

"A clause in the contract allows Jack its terms in case he wants to enter the ring or take part in an exhibition bout," Miss Taylor explained yesterday. "The contract was to have been signed this afternoon and all I am empowered to say is that we are perfectly satisfied with its terms."

## COFFEE IN HIGH JUMP SATURDAY

Will Take Part with Ohio State Against Michigan at Columbus

Columbus, May 4.—Ancient opponents of athletic warfare, Michigan and Ohio State, will meet in the annual track meet of the two universities at the Ohio stadium, Saturday afternoon.

Much interest in the Saturday program between the track stars of each of the Big Ten schools, is being centered around the 100-yard dash event in which Simpson and Kriss of Ohio State and Hester of Michigan will race for Big Ten honors.

In last year's participation Hester trimmed the field in Big Ten championships and defeated Kriss by a narrow margin at the Pennsylvania relays. Both Kriss and Simpson, however, have defeated the Michigan star in two meets so far this season. Simpson took first, Kriss second and Hester third in the Ohio relays last Saturday. Simpson won the Ohio relay event with a time of 9.6 seconds, tying the national collegiate record.

Other outstanding stars of the Michigan squad include Cooper in the hurdles and Ketz in the hammer throw. Cooper, with a record of winning both hurdle events in the 1927 Ohio relays will stack up against Rockaway, Petersilge, Crooks and Pierce of Ohio State. All of the Ohio State hurdlers made brilliant performances in the 1928 Ohio relay meet.

Umlheli of Ohio State will be battling for revenge when he meets Ketz in the hammer throw event, after being defeated by a margin of three feet in the drake relays last week. Both men are expected to toss the hammer to a distance greater than 150 feet.

Pete Anson, prospect youth, will endeavor to retain laurels lost to Waldo of Michigan at the Ohio relay in the Saturday contests in the high and broad jumps. Anson, who injured his foot in the Ohio relays and bruised it again at Philadelphia last week, is expected to be in shape for the events this week-end.

Charles Coffee of Salem will also be entered under Buckeye colors in the high jump event.

## Seven Schools In E. Palestine Meet

East Palestine, May 4.—The seven-school track and field meet scheduled at the Palestine fair grounds for last Saturday, but postponed

on account of rain, will be held here tomorrow "rain or shine." All of the seven teams originally entered will participate.

The teams entered in the meet are: Struthers, Lisbon, Leetonia, Columbiana, Boardman, Youngstown East, and East Palestine. East and Struthers had teams entered in the Carnegie Tech meet in Pittsburgh, but they have withdrawn in favor of the meet here.

## BROWN DEFEATS SMITH STAGING 10-RUN RALLY

Staging a 10-run rally in the last inning, "Brown" defeated "Smith" yesterday in the High school girls baseball league.

At the end of the second inning, Smith, through a big first inning when it scored 16 runs, was leading, 24-6. A. Dyball was put in by the winners as pinch-pitcher and held Brown scoreless the rest of the way while her teammates gained steadily and overcame a nine-run lead in their half of the ninth.

Seekings played well both at bat and in the field.

## BRAVES DEFEAT PIRATES, 5 TO 4

Macks Stub Toes as Red Sox Win; Cardinals End Losing Streak

New York, May 4.—New interest was injected into the baseball races today with the start of the inter-sectional battles. The western teams of the American league are making their first swing around the eastern circuit, while the National league's eastern representatives are following Horace Greeley's advice.

Cincinnati, Brooklyn, Cleveland and the St. Louis Browns will test their strength against fresh opposition.

Cincinnati and New York begin a battle today for possession of first place in the National league. The rookies of the St. Louis Cardinals will get their first glimpse of Brooklyn's famous pitchers. Chicago and Philadelphia, the two tailenders, will clash and Boston plays Pittsburgh again.

The White Sox are advancing

with fear and trembling upon the stronghold of the world's champion Yankees. The reorganized St. Louis Browns meet a crippled Washington team. Cleveland's hustling Indians hope to gain ground at the expense of the Boston Red Sox, and the disappointing Detroit club faces tough opposition in the Philadelphia Athletics.

The Athletics stubbed their toes yesterday on Ed Morris, young right-hander of the Red Sox. Morris held the A's to four hits while his mates bunched their blows off Ossie Or-woll and won a 3 to 1 decision.

By nosing out Pittsburgh, 5 to 4, the Boston Braves served notice that they will be no set-up for the western clubs. After making two costly errors, Dr. Eddie Farrell drove in the winning run in the 11th. Ed Brandt and Ray Kremer did the throwing.

The Cardinals ended their string of four defeats by beating the Reds, 7 to 5. Douthitt got four hits.

Tiffin — Seneca county's winter wheat crop is nearly a total loss and farmers are sowing their fields in barley and oats, a survey has indicated. Only a few isolated fields escaped the rigors of the past winter and spring.

**DISCOVERY NIGHT**  
Tonight will be Discovery Night at the Grand when a number of amateur acts will be presented by Manager C. V. Rakestraw. "The Branded Sombbrero," Buck Jones' latest production, which comes to the Grand tonight is the story of an adopted son's flight to retain the family name. The story centers around the battered sombrero that John Hallett, Buck's father, treasured. Hallett in his youth had neglected to take the proper procedure in stocking his ranch and preyed on his neighbor's stock. The dying man, full of remorse, begs his two sons to return the stock or their equivalent. Pointing to the battered sombrero, John Hallett explains that the hat was the key to the whole situation. The brand of every ranch and the amount of cattle stolen are marked on the sombrero. How Buck repaid the debt is a graphic story, and the scenes are crammed with tense situations and plenty of thrills. Lella Hyams plays the leading feminine role.

**"HOME MADE"**  
Johnny Hines will be the feature at the State tonight in his latest First National picture, "Home Made" produced under the personal supervision of C. C. Burr and directed by Charles Hines. The picture is adapted from the story of the same name by C. B. Carrington. A splendid cast of players and comedians appears in support of Johnny Hines with Margery Daw in the leading feminine role. Others figuring prominently are Edmund Breese, De Witt Jennings, Charles Gerard, Margaret Seddon and Maud Turner Gordon. An extra treat is promised in the appearance of

## FIRST BOTTLE HELPED HER

Keeps On Taking Lydia E. Pinkham's Vegetable Compound

Philadelphia, Pa.—"I always use Lydia E. Pinkham's Vegetable Compound before and after childbirth. I am a mother of three children—two little girls and a baby boy. I would get nervous, dizzy and weak sometimes so I had to be in bed. I would take the Vegetable Compound as a tonic and I always saw an improvement after taking the first bottle. I found it to be a good tonic. I always recommend your medicines to my friends and I cannot speak too highly of them."—MRS. ANNA LOUGHBAC, 1607 S. Front Street, Phila., Pa.

Johnny's pets, Loretta, his parrot, and Buster, his dog. "Home Made" is declared to be the funniest comedy Johnny Hines has ever made, giving the comedian an opportunity to appear as a country boy, a Pullman porter, a ladies' maid, a waiter in a hotel, and a high-powered janitor salesman. In fact, the story deals with the successful attempt of Johnny to put his mother's home-made jam on the retail market. If advance reports mean anything, "Home Made" should be a hilarious laugh-fest, as it scored heavily during its previews in Hollywood.

## STYLE EDICTS

Paris, May 4—Asymmetric designs and geometric patterns distinguish spring lingerie giving a new touch to the time worn methods of trimming undergarments. There are insets of lace, net and georgette in undies of crepe de Chine, georgette or voile in daring and striking designs much like the incrustations of opposing material which the couturiers are using for their gowns. They form a double purpose, to serve as simple trimming, or a more practical end, such as connecting the skirt of an envelope chemise with its tops, giving more width at the bottom, or joining a snugly-fitted shoulder of a nightdress to the rest of the garment.

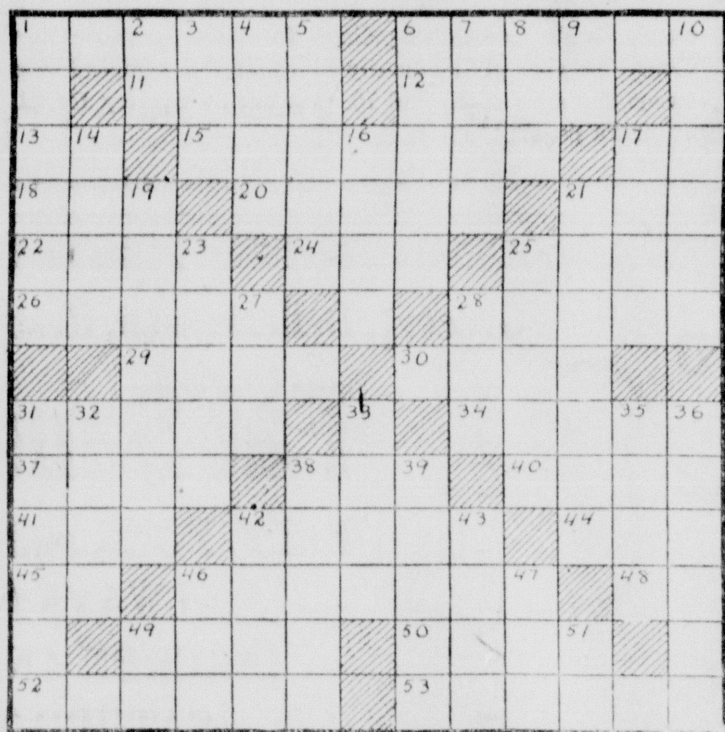

Modern art is used in applique designs of a contrasting material or embroidery frequently shown on net insertions. Salmon or rose is frequently combined with black. Light blue and rose make a delightful French combination. Some chemises have fitted bodies made with alternating strips of lace and silk, or two different materials such as satin and georgette.

Petit point is used for more elaborate lingerie. For evening wear, the envelope chemise is cut extremely low in the back, front and under the arms, thus forming two points at the front and back.

Have little but have it well-fitting and of good material, is the motto of the chic modern woman who now owns a lingerie wardrobe not exceeding one-tenth of what her grandmother possessed. And of course there can hardly be any comparison between the respective bulk and weights of the two lingerie chests. Lingerie is now changing fashion almost as fast as frocks.

In one week recently Bengal reported no fewer than 2,139 deaths from cholera.

## Today's Cross-Word Puzzle

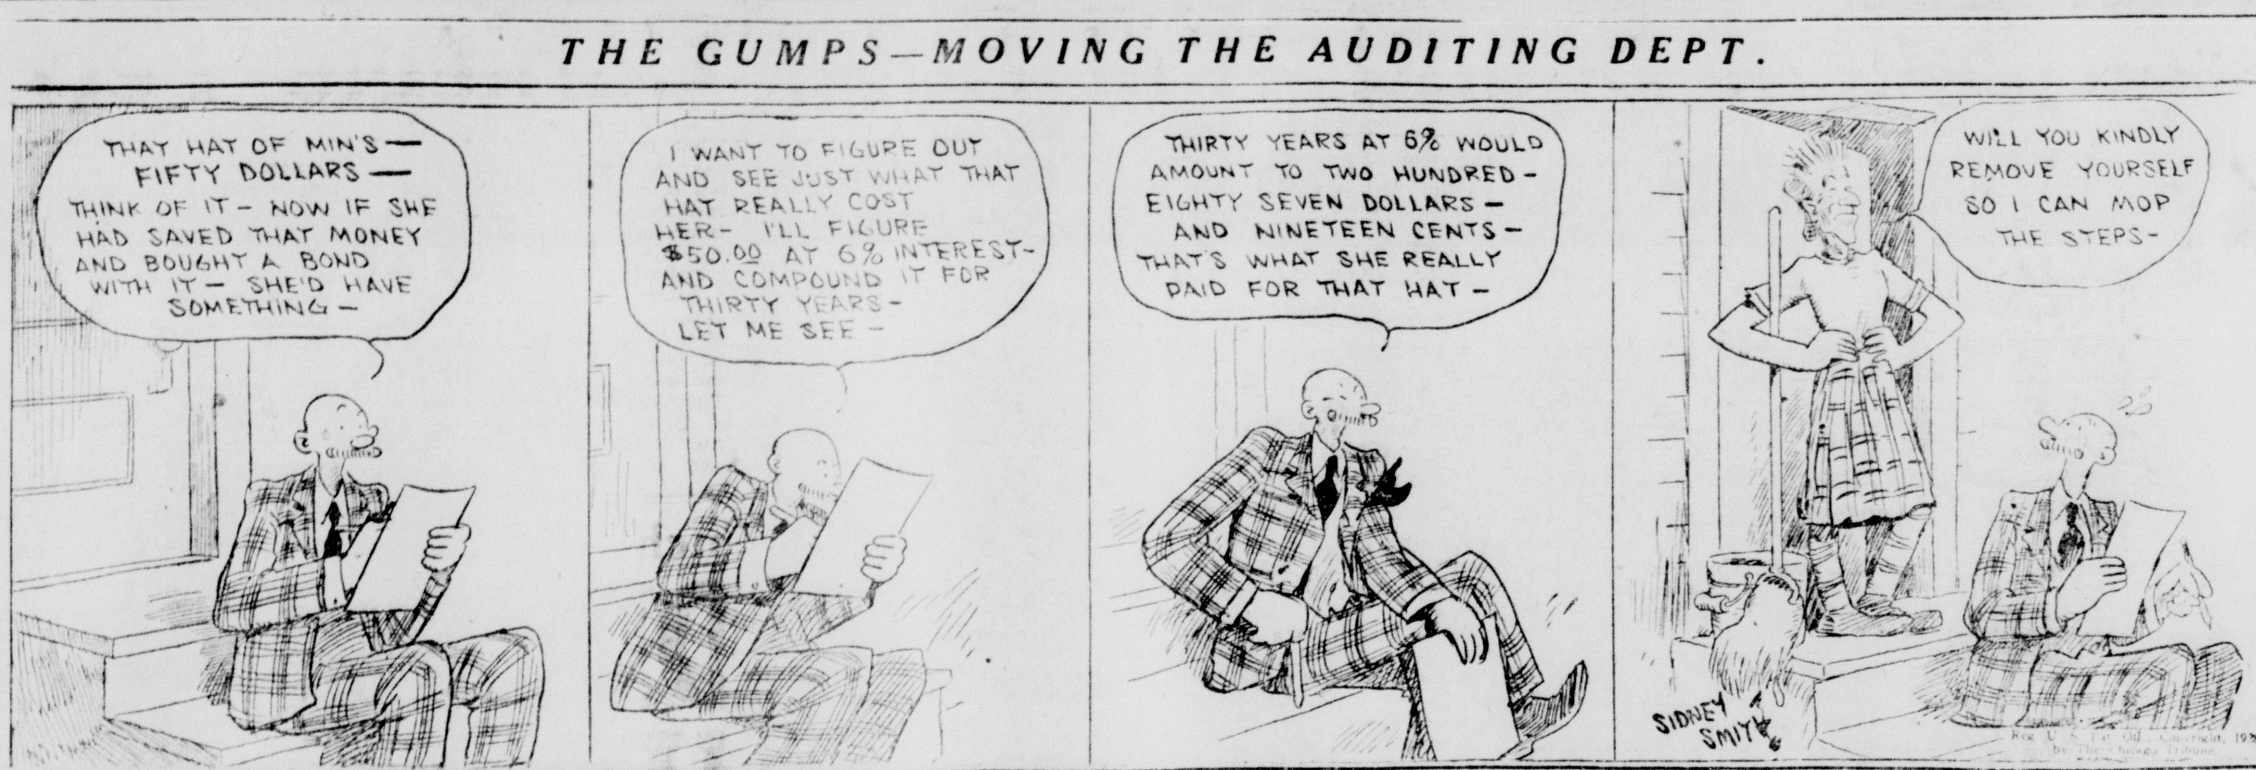

### HORIZONTAL

- Who is the present Mayor of New York?
- Where are the ruins of the Parthenon?
- What Verdi opera was first given in Cairo, Egypt?
- A Christmas carol.
- Behold.
- What American naval officer who led a campaign at Tripoli was killed in a duel?
- Prefix.
- Steamer (abbr.).
- At no time.
- A vehicle.
- What American patriot made a celebrated address against the "writ of assistance"?
- What signal is used by ships in distress?
- Ache.
- In what literary form do Dreiser, Cabell and Lewis excel?
- At what river in northeast France was an important battle fought in 1918?
- Belief or opinion.
- Den.
- Defraud.
- What patriarch is said to have "walked with God"?
- A musical instrument.
- Who is the god of flocks and pastures?
- Girl's name.
- Eggs.
- What constellation is named for a hunter killed by Artemus?
- The logical profession.
- Frederick elder (abbr.).
- Who wrote the poem "Concord Hymn"?
- Short for mother.
- Who was the Greek god of war?
- Arabian ruler.
- Those who call by name.
- Where was the famous o'clock of Apollo?

### VERTICAL

- What American President was head of Princeton University?
- Note of the scale.
- A young goat.
- Paradise.
- Contests of speed.
- In poker, to stake (ph).
- Unkind jealousy.

## THE HOME KITCHEN

By Jeannette Young Norton

### Be Fat or Be Lean by Diet

Diet problems are interesting many people these days, the fat and the thin seeking corrective help for their conditions. The former are the more troubled, as to lose weight means the giving up of rich, sweet foods, fats, starches and the things good liver always enjoy. To get fat is frequently as hard as to lose it, but there is usually a reason and once found the plumping process is not difficult.

What must we do to get fat? This question is frequently asked of us, probably because we cook rather well. We suggest they see their doctor and find out why they are thin. If he finds nothing radically wrong, the right feeding process should correct the trouble. Our advice is lots of fresh air, sunshine, and pure water, few hot baths and those taken with enough sea salt to make them salty.

We do not favor tea or coffee, but milk, cream, and occasionally cocoa, and plenty of fresh fruits. We also suggest little pastry and candy, the better sweets being honey, maple sugar, and occasionally a

good home-made pound cake, or home-made fudge.

Good beef, lamb, fresh vegetables, cereals, white fish, clams and oysters, if liked. We are quite hipped on the onion family and never slight a single member of it when it comes to eating for health, or suggesting it for others. We allow they are "breathy," but if their help pep up the health, why worry?

"Oh, why must I be fat?" This is the cry of the overweight. Dear, dear! there are so many reasons for it, principally overeating. See your doctor and be governed by his suggestions. Just during the waiting interval, cut out bread, sweets, stimulants, potatoes, rich soups and entrees, sauces and fried fish. Occasional cereals, if you must, but without cream and sugar, a little fruit juice will take their place. Now you look to what it has meant to you, but there is an amazing amount of good things left if you only get acquainted with them.

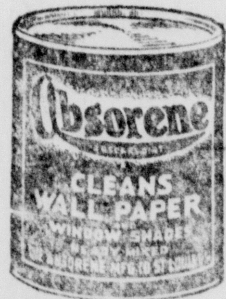

Of course, each case is different, though fat may be fat, and many of the new diet fads work well for some and not for others. This is why it is safer to do the job scientifically, under a doctor's care. We favor exercise, the normal amount of sleep, but not sleeping late mornings. No eating between meals, no ice cream sodas, charged waters, or mayonnaise. Eat salads with lemon dressings, sweeten stewed fruits with honey or maple sugar. Whole wheat bread toasted is usually allowed in most diets.

We allow that the diet has few high lights in it to comfort the full feeder, but it is the price we must pay for past indulgence. The difficult part of the problem is for the overweight not only to take off the fat but to keep it off. This takes all the grit we can muster to hold the ground we have gained, but it can be done and pride in our appearance is a great help in holding us in the straight and narrow path. There is also an economical side to the diet problem that bolsters the budget when the high-priced foods are cut out.

Shamokin, Pa.—George W. Schultz, justice of the peace, a district delegate to Kansas City, insists he will nominate Coolidge, if no one else does. He has not revealed just how he proposes to do it.

## SENORITA CASTELLANOS TO WED

Senorita Nina Castellanos of Madrid, Spain, is to wed General Primo De Rivera, premier of Spain, according to recent reports.

## LEETONIA

Palms, snapdragons and tall tapers filled the chancel and brightened the altar of St. Patrick's church on Wednesday morning when at 8 o'clock Rev. John Ruffing sang the nuptial high mass at the solemn ceremony which united the lives of Miss Charlotte Margaret Feyock of Leetonia and Dr. William Edward Schoren of Cleveland.

The music was furnished by the vested choir of the church, directed by Sister Malachi of the Ursulin convent.

Special music was the lovely "Ave Marie" by Werner, sung by the choir.

The bride, daughter of Mrs. Katherine Feyock, made a beautiful appearance in her gown of ivory satin with self trimmings. Her lovely veil caught with a wreath of orange blossoms. She carried a shower bouquet of ophelia roses, sweet peas

and maiden hair ferns. Her hose and shoes were of ivory hue.

Miss Constance Feyock and George Feyock, brother and sister of the bride were the attendants. The bridesmaid, Miss Constance, was lovely in her gown of peach georgette, peach picture hat and other matching accessories. She carried a bouquet of spring flowers.

The bride is a graduate of Leetonia High school, class of 1918, and later graduated from the Salem Business college. For nine years she has been employed in the offices of the Salem China company. She is a very popular young woman and prior to her marriage was honored by several social events.

Dr. Schoren is the son of Mr. and Mrs. John Schoren and is a graduate of the Western Reserve Dental school.

Following the ceremony at the church, a three-course wedding breakfast was served at the home of the bride's mother, after which Dr.

and Mrs. Schoren left on an eastern motor trip of two weeks. Mrs. Schoren chose for her going-away attire a rose crepe gown with matching coat and hat.

Returning they will make their home at 7014 Wilbur ave., Parma, Ohio.

Out-of-town guests were Mr. and Mrs. John Schoren and grandson, Billie, Mr. and Mrs. Erban Hauffler and family of Cleveland; Mr. and Mrs. A. J. Feyock and children of Hubbard; Mr. and Mrs. Hermon Feyock of Youngstown.

Tuesday morning Miss Theresa Holland and Joseph Morbito were united in marriage at St. Patrick's church with Rev. Ruffing singing the nuptial high mass. The bride is the daughter of Mr. and Mrs.

Clifford Holland and was beautiful in her tan ensemble suit with matching hat and shoes. She wore a corsage bouquet of ophelia roses.

Their attendants were Miss Audrienne Holland, a sister of the bride. She was charming in her gown of tan with orchid hat, and James Pepperney.

Immediately following the church ceremony Mr. and Mrs. Morbito left for Pittsburgh, to make their home.

Mrs. Leah Floding of the South Side who has been seriously ill is showing some improvement.

The series of card parties held by the Pythian sisters during the winter and early spring months closed with a large party. There

were eight tables of euchre with the prizes for high score going to Mrs. E. J. Dean and L. D. Royer.

Mrs. Carl Fritz was a Youngstown visitor on Wednesday.

Mrs. Raymond Baker and Mr. and Mrs. L. F. Godfred were recent Salem visitors.

Mrs. William Walker was a visitor in Youngstown on Wednesday.

George Feyock returned to his employment in Cleveland on Thursday after being home attending the wedding of his sister, Miss Charlotte and Dr. W. E. Schoren.

## Variable Spring Weather Brings Urgent Need For ICE

THESE variable spring days — temperature up one day and down the next — greatly affect the "keeping qualities" of food. Milk, meat, fish, etc., deteriorate quickly if left unprotected by ice.

Ice checks bacterial growth in foods, the cause of spoilage. It not only saves food but safeguards health, by keeping it fresh and pure.

Food should be placed in a well iced refrigerator immediately upon delivery and kept there, at an even cold, until used. Keep the ice chamber well filled.

Ice is plentiful. It is convenient. It is cheap. Everybody can enjoy the blessings of ice. It costs but a few cents a day.

# DEATHS BY AUTO INCREASING IN UNITED STATES

## Casualties Greater Than Population Increase Or Registration

New York, May 4.—Automobile fatalities are increasing throughout the United States—and rather alarmingly.

In 1927 the number of persons killed or fatally injured in automobile accidents increased much more rapidly than either the increase in population or the registration of cars, according to statistics just made public by The Travelers Insurance company of Hartford, Conn.

Reports were received from 42 states and the District of Columbia. They showed an increase of 8.46 per cent in the number of motor fatalities in 1927 over 1926.

Nine states reported a decrease, the others an increase. The states showing a decrease were Arkansas, Delaware, Florida, Massachusetts, Montana, North Carolina, Oklahoma, Rhode Island and South Dakota.

Nevada's Increase  
Nevada reported the greatest percentage increase, Montana the biggest decrease. Nevada's increase was 73.33 per cent; Montana's decrease 23.77 per cent.

The list, showing the number reported killed in 1926 and 1927 follows:

State	1926	1927
Alabama	350	390
Arizona	78	124
Arkansas	155	153
California	1623	1725
Connecticut	332	356
Delaware	66	65
Dist. Columbia	74	79
Florida	512	428
Georgia	370	395
Idaho	77	82
Illinois	1647	1776
Indiana	697	861
Iowa	264	282
Kansas	283	307
Kentucky	279	305
Louisiana	265	280
Maine	104	122
Maryland	314	334
Massachusetts	705	663
Michigan	1212	1345
Minnesota	359	352
Missouri	524	555
Montana	101	78
Nebraska	171	213
Nevada	15	26
New Hampshire	70	75
New Jersey	868	1042
New Mexico	55	57
New York	2332	2435
North Carolina	514	511
North Dakota	77	79
Ohio	1583	1744
Oklahoma	283	278
Oregon	195	203
Pennsylvania	1784	1837
Rhode Island	130	120
South Dakota	86	75
Texas	424	526
Vermont	56	66
Virginia	327	397
West Virginia	231	298
Wisconsin	429	592
Wyoming	47	55
Total	20,021	21,716

New York Leads

It will be seen by the above table that the five states reporting the greatest number of fatalities were New York, 2,435; Pennsylvania, 1,837;

837; Illinois, 1,776; Ohio, 1,744 and California, 1,725.

The 8.46 per cent increase in the number of fatalities in 1927 over 1926 is significant in view of the "safety first" campaign and efforts of automobile officials to educate the public to more careful driving of cars. The increase is more rapid than the increase in population or the registration of cars. At the close of 1926 there were in the United States 22,061,393 passenger cars and trucks, and at the close of 1927, it has been estimated that the registration had increased 1,123,607 to 23,125,000, or 5.1 per cent. The population in 1926 was estimated at 117,135,817 and in 1927 it was 118,528,000, which was an increase of only 1.27 per cent.

## Democratic Keynoter

Mr. Claude G. Bowers of New York, a newspaper editorial writer, has been selected by the Democratic National Committee to deliver the opening speech at the Democratic National convention in Houston, Texas, at which the Democratic nominee for president will be named.

## Poilu Who Escaped Firing Squad Dies Under Auto Wheels

Paris, May 4.—Edmund Augier, the only poilu who ever survived "execution" was killed in an automobile accident.

On August 24, 1915, Augier, then 22 years old, was captured after a skirmish in which he killed two

German at Givonne, Belgium. He was lined up with 10 other prisoners before a firing squad, but eight bullets failed to kill him.

After a year of imprisonment Augier was sent back to France in exchange of prisoners. Since the war he has been a traveling salesman. While driving into Paris at seventy miles an hour Augier's car crashed into a tree. The ex-poilu was killed instantly.

## FOKKER BOOSTS AIRPORT AS AID TO TOWN BOOMS

**Says Time Will Soon Be  
Here When Airport  
Will Be Needed**

Pittsburgh, May 4.—The time is not far off when a city without an excellent airport will be as badly handicapped as a present-day town with no railroad connections.

That was the prediction made by Anthony H. G. Fokker, internationally known designer of aircraft, air pilot and prophet of progress, while visiting this city to testify in a case involving aircraft patents.

"Air transportation is developing so rapidly that many cities will be entirely out of the picture as far as having a part in national aviation lines if immediate steps are not taken to start something in the right direction," he asserted.

It is no dim and misty future, Fokker referred to, it is a condition which he foresees for the immediate future. Already aviation would be

in much more general use if suitable landing places were provided, he believes.

### Cities Must Get Busy

"In another two years the major aviation lines from north to south and east to west will be established so fast has aviation moved forward," he said.

"The city that does not busy itself and provide terminal and landing facilities will find itself left off of these main routes and will have committed a blunder which will prove an increasing handicap as the years go by."

Mail and passengers will make up by far the greatest bulk of the cargoes for the air liners of the future, but here again, he asserted, the first steps must be taken by the cities.

Government and private aviation enterprises are continually being extended but must have adequate terminal facilities. These must be provided by the cities before they can expect to find themselves placed on proposed routes.

### Picking the Port

"The selection of an airport does not hinge so greatly on the distance the port is from the destination point but on the length of time necessary to reach the port," Fokker explains.

"If there is a fast mail or speedboat service that will permit the

field to be reached in 10 to 15 minutes, that is all that is required."

Cities with the foresight to provide landing fields aviation terminals which appear ridiculous in the light of present air requirements, need never fear that there will be a surplus of such facilities, he said.

The time is coming when all that are available will be used and when air field space will be at a greater premium than auto parking space in the metropolitan districts of cities today.

### Seed Potatoes Are Not Well Covered

Many Ohio potato growers are planting their seed potatoes too near the surface of the ground, in the opinion of E. B. Tussing, specialist in vegetable gardening at the Ohio State university. Three to four inches below the level of the field is the proper depth for the seed, Tussing points out. Seed planted deeper than this is stifled for lack of air and takes longer to grow. If this seed is planted nearer the surface, when the tubers form, they will crowd out of the ground and be sunburnt.

One of the reasons for the failure to get the seed deep enough in the ground, in Tussing's opinion, is the practice of "ridging up" with the

planter, and heaping dirt on top of the seed. Operators of the planters frequently misjudge the depth to which the seed is going, and when the ridges are smoothed down it is found that the seed is practically on the surface of the ground.

Proper adjustment of the planter is the remedy, Tussing says. Sometimes the older style planters cannot be adjusted to put the seed po-

tatoes deep enough. However, an extra shoe can be attached to these planters which will place the seed at the right depth. Potato planting is well under way at the present time, in the southern portion of the state, according to Tussing. There is a prospect that more seed than usual will be treated this year to prevent seed-borne diseases.

## THE WAY OF A HEALTHFUL DAY

A morning dish of ALL-BRAN prevents constipation

Clear eyes. Fresh complexions. Buoyant spirits. They all come when the right kind of food is eaten. One of the main things that our modern diet lacks is the roughage necessary to prevent constipation, which is the cause of so much ill health.

Kellogg's ALL-BRAN will furnish the bulk you need to keep well and fit.

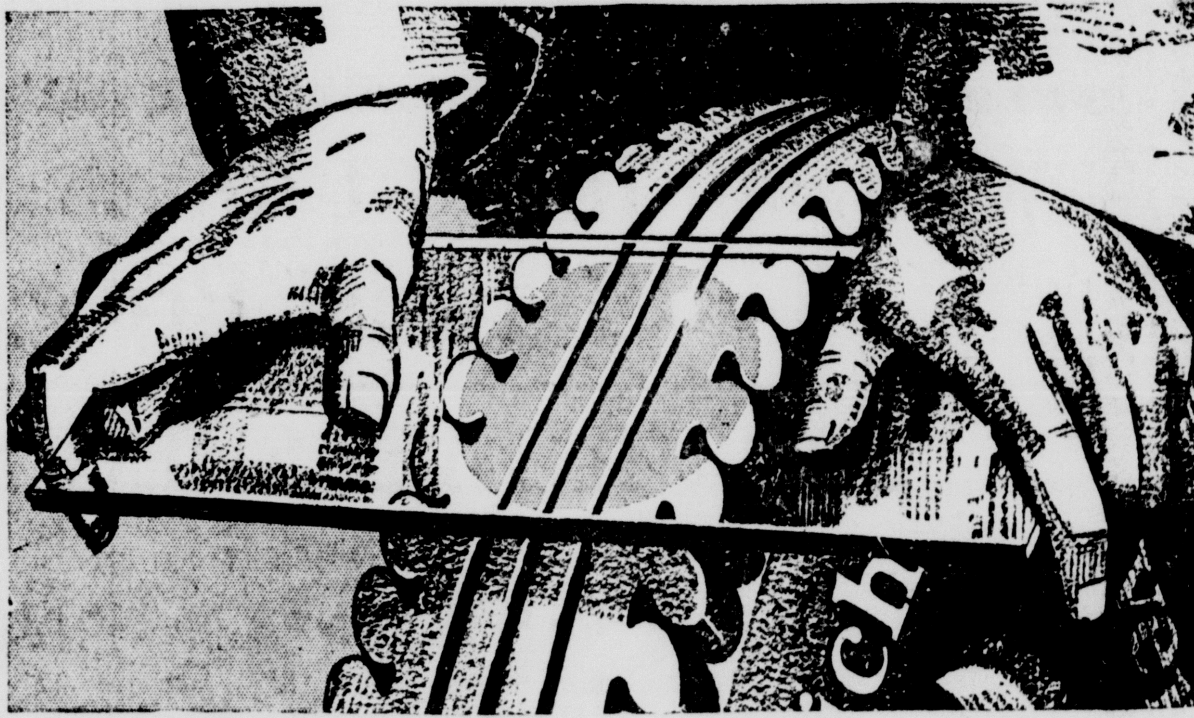

ALL-BRAN is 100 per cent bran. It supplies roughage in effective quantities. Far better than part-bran products. At best, they can be but partially effective. ALL-BRAN is guaranteed

to relieve constipation. Two tablespoonfuls daily — chronic cases, with every meal.

An appetizing, healthful cereal of unusually nutritious qualities. Serve it with milk or cream and add fruits or honey. Use it in cooking too. Sold by all grocers. Served everywhere. Made by Kellogg in Battle Creek.

**Kellogg's**  
ALL-BRAN

# Here's why Silvertowns deliver remarkable new mileage!

THE PLATE GLASS TEST: This glass is pressed against a Silvertown tread to illustrate the important facts explained below.

Inside a balloon tire, there's a pressure of 30 to 40 pounds.

Against this is an outside pressure of several hundred pounds, or more than a thousand, where the tread meets the road. Something has to give—in a hurry—when that tire speeds along at thirty miles an hour.

Now look back at the picture. Let your eye follow those three deep grooves in the tread

center. See how they come together against the ground — easily — smoothly — without distortion or "piling up."

There's the reason the Silvertowns we sell are rolling out new mileage records on many of our customers' cars.

Drop in and see us, and you will like our courteous service as well as you like our tires.

See us for new

# IOWA WOMAN PASSED AS MAN FOR 60 YEARS

## Masquerade Torn Away In Hospital When She Contracts Flu

Iowa City, Ia., May 4.—Sixty years ago Mary Miller, then 18 years old, decided a woman did not have a fair chance in life because of her sex. She was living in Chicago at the time, having come there from Berlin, Germany with her parents. The idea was not new to a woman, but Miss Miller looked about to see what she could do to remedy matters.

The conclusion of her deliberations upon the age-old sociological problem was that she must either submit to the view that a woman's place was in the home or change her sex. She chose the latter and for 60 years she was known as George Miller.

The masquerade was torn away at Mercy hospital here when "George Miller," a farmhand, was brought in suffering from influenza.

Return to Trouser Now that Miss Miller is recovering she declares she will return to her habits of more than half a century when she is discharged from the hospital.

"I intend to dress as I have done so for many years," she told hospital attaches. "I'm used to hard work and labor. I've worked side by side with men in many capacities which would have been denied to a woman. I don't know anything else, and I intend to go back to the old life."

Since the time Miss Miller donned a man's clothes and set out into the world she has worked at many occupations, she says.

"I've worked on the trapezes of various circuses, labored with railroad construction gang, worked as a railroad detective, been a bouncer in a saloon and in some years I've just been a boomer," she declared.

Enjoyed Life

"I learned to smoke and to drink with men, and I found out I couldn't work with rough tough men without doing a bit of cussing, so I picked that up, too. It was a hard life at times, but I never asked quarter from it and I don't know anything else. All I ask now is that I may return to it when I'm able to leave this hospital."

As she talked Mary Miller reached under her pillow and hauled forth an old tobacco pouch and a blackened corn-cob pipe. She poured the tobacco into the bowl, packed it down expertly and applied a match. As the blue smoke curled about her bed she spoke a word or two of her opinions on the modern flapper.

"The trouble with them is they want to do things differently but they don't know how. They want to get away from life as they find it, but few of our sex really ever get away. I'm glad I did. I've enjoyed life."

Ton-Litter Pork Is Found Less Costly

Producing 100 pounds of pork in a ton-litter costs less than producing 100 pounds of pork in a lighter group of pigs. This has been shown in records kept in Ohio in connection with the ton-litter project of the animal husbandry department of the Ohio State university.

In the past two years, according

to these records, the cost of producing pork in litters which weighed from 2,000 to 2,300 pounds at the age of six months was \$3.97. The cost of producing 100 pounds of pork in litters which weighed more than 2,300 pounds at the same age was only \$3.63.

In another state, where records were kept on litters which did not make the 2,000-pound mark as well as those over a ton, it was found that the cost per 100 pound of pork ready for market, in litters which weighed 1,200 to 1,500 pounds, was \$2.29. In litters weighing from 1,500 to 1,800 pounds the cost was \$2.79; from 1,800 to 2,100 pounds, \$3.44; for 2,100 pounds or over, \$3.78. The same record showed that the cost of 100 pounds of pork from litters consisting of litters of eight pigs or fewer, was \$7.18, while in litters of from 9 to 12 pigs, the cost was \$5.69.

8-MONTH RURAL SCHOOLS CLOSE

Judge Gessner Speaker At Washingtonville High Last Night

All eight-month rural schools closed the school year Friday afternoon, but a number of village schools will not close the term until the latter part of the month.

These schools are Salineville, Lee-

onia and Columbiana. The Franklin township schools will close May 13.

The first of the rural commencement exercises was that at the Washingtonville High school Thursday evening, when Judge Gessner of Youngstown spoke.

Former Probate Judge Samuel W. Crawford of East Liverpool will speak at the commencement exercises at Rogers High school tonight. At the commencement of New Waterford school tonight, Dr. I. T. Headland of Mt. Union college will speak. Saturday night Knox township school will hold its commencement at North Georgetown and Prof. Dickason of Pittsburgh will give the address.

Prof. Dwight L. Beck of Mt. Union college will speak at the Hanover

High school commencement next Tuesday evening.

Leading lawyers of Tokyo have joined in establishing a free legal service for those persons too poor to engage their services.

THE GREAT ATLANTIC & PACIFIC TEA CO.

## COLUMBIANA

The Atlantic & Pacific company store on South Main st., was broken into sometime Tuesday night and a small quantity of groceries taken. The loss was made by breaking the glass in one of the front doors, after an unsuccessful attempt had been made to force the lock. Officers suspect local talent.

The Christian church has made new arrangements for the Thursday evening prayer meetings. Each meeting will be conducted under the auspices of a Sunday school class or church organization. The meeting Thursday evening of this week will be conducted by "The Class."

The annual congregational meeting of Grace Reformed church will be held Sunday morning following the regular church service. Reports of the different organizations of the church will be given and election of church officials will be held.

The Cambrian Concert company, composed of three Welsh singers, gave an excellent concert Wednesday evening in the M. E. church, under the auspices of the Basement Boosters Sunday School class.

Societies met Wednesday evening at the home of Mrs. T. B. Hyland. Mrs. L. W. Schiller gave a paper on "Islands of the Mediterranean Sea," and Mrs. C. R. Todd gave a reading from the works of Inez Haynes Irwin.

The editorial staff of Columbiana High school have announced that the edition of the "Columbiana" will be off the press about May 16. The school magazine has been published here every four years.

The Girls' Missionary circle of the Christian church will give a May party Friday evening in the church social room in honor of the mothers of the members.

Miss Mary Lodge, daughter of Mr. and Mrs. F. D. Lodge, has been elected to membership in the Phi Kappa Omega, honorary scholarship fraternity at Mt. Union college. Miss Lodge, a senior, was one of eight students to receive this honor.

Mrs. R. L. McFadden and son of Newburgh, N. Y., are visiting at the home of Miss Dora Irwin, Duquesne st.

Mr. and Mrs. Ura Troyer, North Lima, were Columbiana business callers Wednesday afternoon.

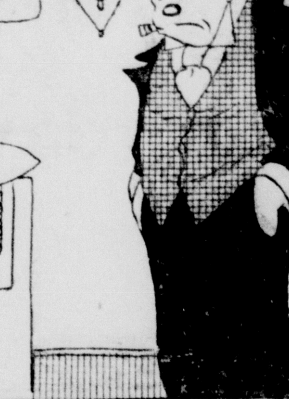

Next Wednesday, May 9, will be the annual Clean-Up Day in Columbiana, when village authorities will transport refuse free to the dump.

Mr. and Mrs. Van J. Morris of

12 acres, located four miles from Salem on new cement road and close to good school. Sandy loam soil and all tillable. Plenty of fruit of all kinds. Good eight room house with gas and well water in house, and electricity available. Good barn and two chicken houses. Pric

## MAKES PLEA TO RECALL BRITISH RHINE SOLDIERS

Cost Too High, Claim Of  
Commons Member In  
Recent Debate

London, May 4.—A fervent appeal for the recall of the British army of occupation in Germany, which he characterized as "the Lost Legion of Weisbaden," was made by Commander J. M. Kenworthy, M. P., in the course of a recent debate in the house of commons.

Commander Kenworthy charged that the force of men was far too small for military purposes, and far too large for political purposes. Data which he gave showed that the army includes, apart from cavalry and infantry, nine officers, and 39 men of the army pay corps, 143 military police and ten chaplains.

**Cost Is High**  
"While the army is small," he declared, "the staff is terrific. This staff costs more than \$150,000, actually more than the entire great northern command."

"Such a staff encourages the suspicion that the war office is looking after its own—the staff officers."

"The army is of no conceivable use in a military sense, and if it is kept there for political purposes why not substitute for it a mere company or even a consular guard? The presence of alien troops is always felt to be a degradation by the people of the territory occupied."

"Under these trying circumstances, our officers and men have one and all behaved like gentlemen. Many marriages have been contracted between them and German women."

**Soldier Marriages**  
"But marriages do not always make for peace. How unfortunate it will be when these young wives have to leave their families and come to England."

"With a surplus of girls at home, why should this sort of thing go on?"

"In reply the secretary of war, Sir Laming Worthington Evans, stated that the Rhine army is part of an international force, authorized by treaty. Its strength had been reduced, he declared, by over a thousand during the past year, the actual number now being 6,328 which includes 93 officers and men on the Saar."

New York—Waitresses pay some coffee shops here \$10 a week for the privilege of working in certain of the De Luxe restaurants. The company's attorney so testified in the prosecution of a manager by a waitress for withholding funds. Testimony was given that tips for a waitress sometimes ran up to \$15 a day. The company insisted that it had a waiting list willing to pay \$10 a week.

# The New Idea in Home Furnishings

## FURNITURE TO HARMONIZE

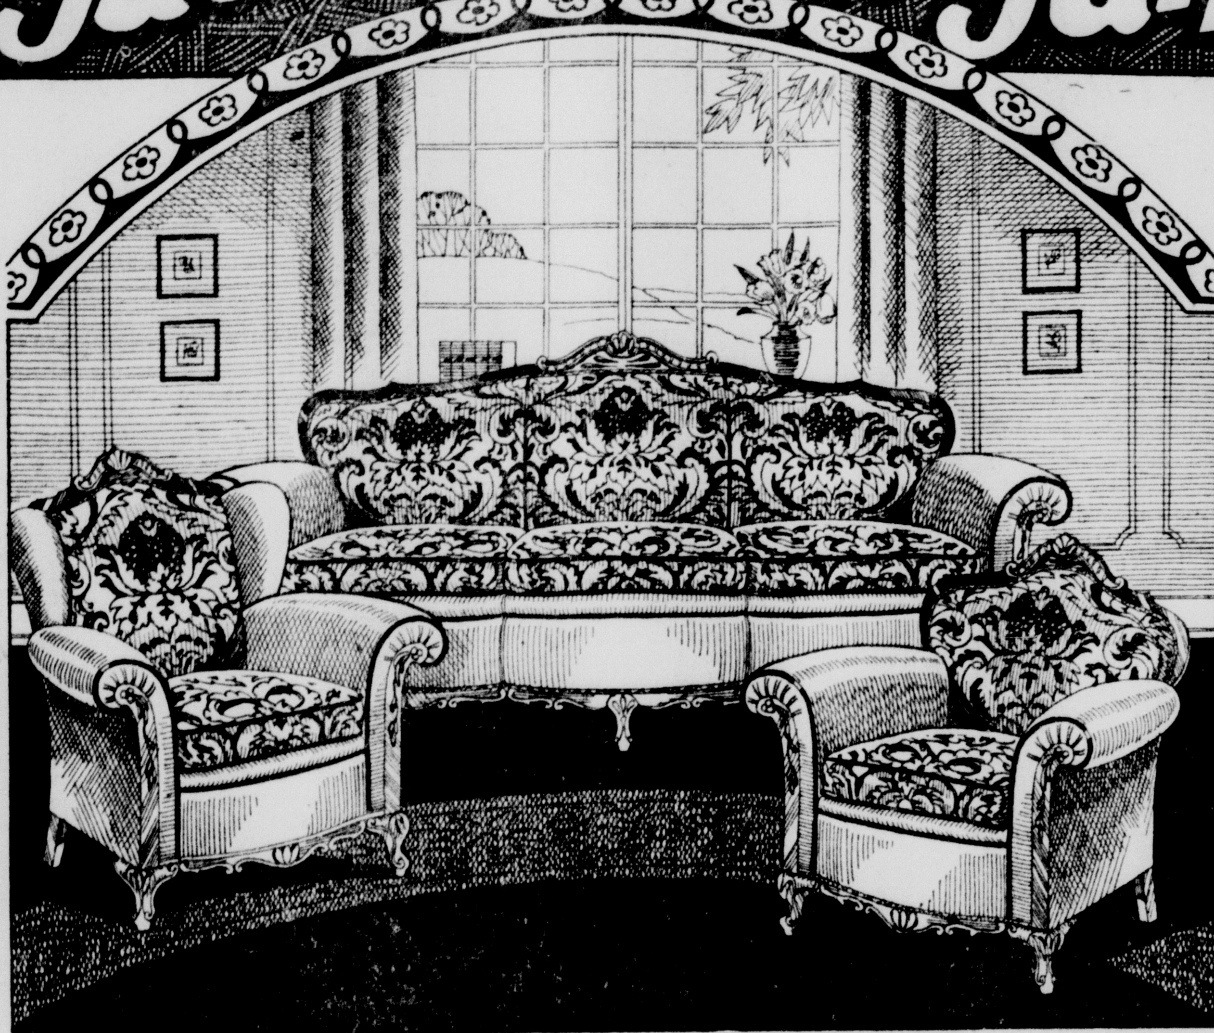

Harmony is important in furnishing your home. Furniture that pleasingly harmonizes effectively brings out the beauty of each piece. The suites shown below have been chosen with a view to harmony as a whole.

## IMPORTANT

It is the policy of the Reichart Furniture Corporation to maintain at all times lowest possible prices consistent with sound business methods. Our Furniture and Rugs are so priced as to allow only a fair and legitimate profit. The Reichart Furniture Corporation desires to maintain a high class furniture and rug store for the American home-maker, who possesses the good taste to demand Quality at Moderate Price. If at any time like merchandise is offered elsewhere in Salem at a lower price than ours, we feel it is done, merely, in an effort to try to UNDERSELL, and when these instances are brought to our attention, we evidence our good faith in the buying public, by allowing the purchaser the same price as marked elsewhere, plus an additional 5 percent, as our mark of appreciation, in assisting us to maintain our policy—
